#### NEWS RELEASE

#### Gray Reports Operating Results, Including Record Revenue,

#### For the Three-Month and Six-Month Periods Ended June 30, 2012

Atlanta, Georgia – August 3, 2012... Gray Television, Inc. ("Gray," "we," "us" or "our") (NYSE: GTN and GTN.A) today announced results from operations for the three-month period (the "second quarter of 2012") and six-month period ended June 30, 2012 as compared to the three-month period (the "second quarter of 2011") and six-month period ended June 30, 2011.

#### Highlights:

Our revenue for the second quarter of 2012 was the highest revenue Gray has reported for a second quarter. For the second quarters of 2012 and 2011, our revenue, broadcast expense and corporate and administrative expense were as follows:

	Thr	ee Months Ended Ju	ne 30,
	2012	2011	% Change
	(in thou	isands except for per-	centages)
Revenue (less agency commissions)	\$94,691	\$76,201	24%
Operating expenses (before depreciation, amortization and gain on disposal of assets):			
Broadcast	\$52,829	\$47,930	10%
Corporate and administrative	\$ 3,629	\$ 3,402	7%

We are pleased with our operating results for the second quarter of 2012. Our period over period increase in revenue for the second quarter was primarily due to increases in political advertising revenue and retransmission consent revenue. In addition, our local advertising, national advertising, internet advertising and other revenue also increased.

Our period over period increase in broadcast and corporate and administrative expenses (excluding depreciation, amortization and gain on disposal of assets) reflects increases in compensation, programing costs and national sales commissions.

# Comments on Results of Operations for the Three-Month Period Ended June 30, 2012:

#### Revenue.

Our total revenue for the second quarter of 2012 was the highest revenue Gray has reported for a second quarter. Total revenue increased \$18.5 million, or 24%, to \$94.7 million for the second quarter of 2012 compared to the second quarter of 2011 due primarily to increased political advertising, retransmission consent, local advertising, national advertising, internet advertising, and other revenue. Political advertising revenue increased due to increased advertising from political candidates and special interest groups in the "on year" of the two-year election cycle. Our political advertising revenue also increased due to additional advertising related to a special election to recall the Governor of Wisconsin, where we own three television stations. Retransmission consent revenue increased primarily due to improved terms in our retransmission contracts. A significant portion of our retransmission consent contracts expired on December 31, 2011 and

4370 Peachtree Road, NE \* Atlanta, GA 30319 (404) 504-9828 \* Fax (404) 261-9607 we were able to renew substantially all of these contracts under terms more favorable to Gray, which resulted in increased revenue in the second quarter of 2012 compared to the second quarter of 2011. Local, national and internet advertising revenue increased due to our increased spending by advertisers in a gradually improving economic environment. Other revenue increased due to receipt of certain cable copyright royalty payments during the second quarter of 2012. If any similar copyright royalty payments are received in future periods, they are likely to recur in lower amounts. We also continued to earn consulting revenue under our agreement with Young Broadcasting, Inc. ("Young"). This agreement expires on December 31, 2012.

The principal components of our revenue for the second quarter of 2012 compared to the second quarter of 2011 were as follows:

Local advertising revenue increased \$0.6 million, or 1%, to \$48.4 million.

National advertising revenue increased \$0.9 million, or 7%, to \$14.3 million.

Internet advertising revenue increased \$1.5 million, or 31%, to \$6.4 million.

Political advertising revenue increased \$10.8 million, or 467%, to \$13.1 million.

Retransmission consent revenue increased \$3.2 million, or 64%, to \$8.3 million.

Other revenue increased \$1.4 million, or 65%, to \$3.6 million.

Consulting revenue from our agreement with Young remained at \$0.6 million in the second quarter of 2012.

Our five largest nonpolitical advertising categories on a combined local and national basis by customer type for the second quarter of 2012 demonstrated the following changes in revenue during the second quarter of 2012 compared to the second quarter of 2011: automotive increased 20%; medical increased 8%; restaurant decreased 5%; communications increased 2%; and furniture and appliances increased 3%.

#### Operating expenses.

Broadcast expenses (before depreciation, amortization and gain on disposal of assets) increased \$4.9 million, or 10%, to \$52.8 million for the second quarter of 2012 compared to the second quarter of 2011. This increase was due primarily to increases in compensation expense of \$3.2 million and non-compensation expense of \$1.7 million. Compensation expense increased primarily due to increases in salaries, incentive compensation, pension expenses and healthcare expenses. Non-compensation expense increased primarily due to an increase in programing costs and national sales commissions. As of June 30, 2012 and 2011, we employed 2,070 and 2,087 total employees, respectively, in our broadcast operations.

Corporate and administrative expenses (before depreciation, amortization and gain on disposal of assets) increased \$0.2 million, or 7%, to \$3.6 million. The increase was due primarily to increases in compensation expense of \$0.3 million partially offset by a decrease in non-compensation expense of \$0.1 million. Compensation expense increased primarily due to increases in salaries, incentive compensation and stock-based compensation expense. We recorded non-cash stock-based compensation expense during the second quarter of 2012 and the second quarter of 2011 of \$140,000 and \$34,000, respectively. Non-cash stock-based compensation expense increased due to the grant of additional equity incentive awards during the second quarter of 2012.

#### Comments on Results of Operations for the Six-Month Period Ended June 30, 2012:

#### Revenue.

Our total revenue for the first six months of 2012 was the highest revenue Gray has reported for the first half of a year. Total revenue increased \$29.4 million, or 20%, to \$175.4 million for the six months ended June 30, 2012 compared to the six months ended June 30, 2011 due primarily to increased political advertising, retransmission consent, local advertising, national advertising, internet advertising, and other revenue. Political advertising revenue reflected increased advertising from political candidates and special

interest groups during the "on year" of the two-year political advertising cycle. Our political advertising revenue also increased due to additional advertising related to a special election to recall the Governor of Wisconsin, where we have three television stations. Local, national and internet advertising revenue increased due to increased spending by advertisers in a gradually improving economic environment. In addition, local and national net advertising revenue was positively influenced by the broadcast of the 2012 Super Bowl on our ten primary NBC channels, earning us approximately \$0.8 million, an increase of approximately \$0.6 million compared to the broadcast of the 2011 Super Bowl on our one primary FOX-affiliated channel and four secondary digital FOX-affiliated channels, which earned us approximately \$0.2 million.

Retransmission consent revenue increased primarily due to improved terms in our retransmission contracts. A significant portion of our retransmission consent contracts expired on December 31, 2011 and we were able to renew substantially all of these contracts under terms more favorable to Gray, which resulted in increased revenue in the six months ended June 30, 2012 compared to the six months ended June 30, 2011. Other revenue increased due to our receipt of a cable copyright royalty distribution during 2012 period. If any similar copyright royalty payments are received in future periods, they are likely to recur in lower amounts. We continued to earn consulting revenue under our agreement with Young in the six-month period ended June 30, 2012.

The principal components of our revenue for the six months ended June 30, 2012 compared to the six months ended June 30, 2011 were as follows:

Local advertising revenue increased \$2.7 million, or 3%, to \$94.3 million.

National advertising revenue increased \$0.9 million, or 3%, to \$27.3 million.

Internet advertising revenue increased \$2.9 million, or 32%, to \$12.1 million.

Political advertising revenue increased \$14.4 million, or 390%, to \$18.1 million.

Retransmission consent revenue increased \$6.7 million, or 66%, to \$16.8 million.

Other revenue increased \$1.5 million, or 38%, to \$5.5 million.

Consulting revenue from our agreement with Young was \$1.3 million in the six-month period ended June 30, 2012.

Our five largest nonpolitical advertising categories on a combined local and national basis by customer type for the six-month period ended June 30, 2012 demonstrated the following changes in revenue during the six-month period ended June 30, 2012 compared to the six-month period ended June 30, 2011: automotive increased 14%; medical increased 11%; restaurant increased 1%; communications increased 9%; and furniture and appliances increased 4%.

#### Operating expenses.

Broadcast expenses (before depreciation, amortization and gain on disposal of assets) increased \$7.5 million, or 8%, to \$103.6 million for the six-month period ended June 30, 2012 compared to the six-month period ended June 30, 2011. This increase was due primarily to increases in compensation expense of \$3.9 million and non-compensation expense of \$3.5 million. Compensation expense increased primarily due to increases in salaries, incentive compensation and pension expenses. Non-compensation expense increased primarily due to an increase in programing costs, other professional services and national sales commissions.

Corporate and administrative expenses (before depreciation, amortization and gain on disposal of assets) increased \$0.3 million, or 5%, to \$6.7 million. The increase was due primarily to an increase in compensation expense of \$0.5 million, partially offset by a decrease in non-compensation expense of \$0.2 million. Compensation expense increased primarily due to increases in salaries, incentive compensation and stock-based compensation expense. We recorded non-cash stock-based compensation expense during the

## **Internet Initiatives:**

We continue to focus on expanding local content on our websites to drive increased traffic. Our website page view data for the three-month and six-month periods ended June 30, 2012 compared to the three-month and six-month periods ended June 30, 2011 is as follows:

We attribute the increase in our website traffic to increased posting of local content and to public awareness of our websites resulting from our on-air promotion of our websites.

Our aggregate internet revenues are derived from two sources. The first source is advertising or sponsorship opportunities directly on our websites. We call this "direct internet revenue." The other revenue source is television advertising time purchased by our clients to directly promote their involvement in our websites. We refer to this internet revenue source as "internet-related commercial time sales."

## **Guidance for the Third Quarter of 2012**

We currently anticipate that our results of operations for the three-month period ending September 30, 2012 (the "third quarter of 2012") will approximate the ranges presented in the table below. Based on our estimates, we believe our third quarter 2012 revenue will set a new third quarter record for Gray.

#### **Comments on Guidance:**

#### Revenue.

Based on our current forecasts, we believe that our third quarter of 2012 local revenue, excluding political advertising revenue, will increase from the threemonth period ended September 30, 2011 (the "third quarter of 2011") by approximately 6% to 8%. We currently believe our third quarter of 2012 national revenue, excluding political advertising revenue, will increase from the third quarter of 2011 by approximately 6% to 7%.

We anticipate our third quarter of 2012 internet revenue, excluding political advertising revenue, will increase from the third quarter of 2011 by approximately 17% to 18%.

We anticipate our third quarter of 2012 retransmission consent revenue will increase from the third quarter of 2011 by approximately 62% to approximately \$8.4 million.

We estimate our base consulting revenue will be \$0.6 million for the third quarter of 2012. We do not anticipate recording any incentive consulting revenue in the third quarter of 2012.

#### Broadcast Operating Expense (before depreciation, amortization and gain on disposal of assets).

The anticipated increase in broadcast operating expense for the third quarter 2012 compared to the third quarter of 2011 is due primarily to anticipated increases in compensation expense, programming expense and national sales commission expense.

#### Non-GAAP Terms

From time to time, Gray supplements its financial results prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") by disclosing the non-GAAP financial measures Broadcast Cash Flow and Broadcast Cash Flow Less Cash Corporate Expenses. These non-GAAP amounts are used by us to approximate the amount used to calculate a key financial performance covenant contained in our senior credit facility. Broadcast Cash Flow is defined as net income (loss) plus corporate and administrative expense, depreciation and amortization (including amortization of intangible assets and program broadcast rights), any loss on disposal of assets, any miscellaneous expense, interest expense, any income tax expense less any gain on disposal of assets, any miscellaneous income, any income tax benefits, payments for program broadcast obligations and network compensation revenue and network payments. Corporate and administrative expenses." These non-GAAP terms are not defined in GAAP and our definitions may differ from, and therefore not be comparable to, similarly titled measures used by other companies, thereby limiting their usefulness. Such terms are used by management in addition to and in conjunction with results presented in accordance with GAAP and should be considered as supplements to, and not as substitutes for, net income (loss) and cash flows reported in accordance with GAAP.
