STOCK OPTIONS EXERCISED

The following table sets forth information about unexercised stock options held by the named executives. No stock options were exercised by such officers during 1996. All of these options entitle the holder thereof to purchase shares of Class A Common Stock, except that Mr. Beizer's options entitle him to purchase shares of Class B Common Stock.

SUPPLEMENTAL PENSION PLAN

The Company has entered into agreements with certain key employees to provide these employees with supplemental retirement benefits. The benefits are disbursed after retirement in contractually predetermined payments of equal monthly amounts over the employee's life, or the life of a surviving eligible spouse, for a maximum of 15 years. The Company maintains life insurance coverage on these individuals in adequate amounts to fund the agreements.
The Company sponsors a defined benefit pension plan, intended to be tax qualified, for certain of its employees and the employees of any of its subsidiaries which have been designated as participating companies under the plan. A participating employee who retires on or after attaining age 65 and who has completed five years of service upon retirement may be eligible to receive during his lifetime, in the form of monthly payments, an annual pension equal to (i) 22% of the employee's average earnings for the highest five consecutive years during the employee's final 10 years of employment multiplied by a factor, the numerator of which is the employee's years of service credited under the plan before 1994 and the denominator of which is the greater of 25 or the years of service credited under the plan, plus (ii) .9% of the employee's monthly average earnings for the highest five consecutive years in the employee's final 10 years of employment added to .6% of monthly average earnings in excess of Social Security covered compensation, and multiplied by the employee's years of service credited under the plan after 1993, with a maximum of 25 years minus years of service credited under (i) above. For participants as of December 31, 1993, there is a minimum benefit equal to the projected benefit under (i) at that time. For purposes of illustration, pensions estimated to be payable upon retirement of participating employees in specified salary classifications are shown in the following table:

(1) Five-year average annual compensation.

Employees may become participants in the plan, provided that they have attained age 21 and have completed one year of service. Average earnings are based upon the salary paid to a participating employee by a participating company. Pension compensation for a particular year as used for the calculation of retirement benefits includes salaries, overtime pay, commissions and incentive payments received during the year and the employee's contribution to the Capital Accumulation Plan (as defined). Pension compensation for 1996 differs from compensation reported in the Summary Compensation Table in that pension compensation includes any annual incentive awards received in 1996 for services in 1995 rather than the incentive awards paid in 1997 for services in 1996. The maximum annual compensation considered for pension benefits under the plan in 1996 was $150,000.

As of December 31, 1996, officers of the Company with full years of actual credited service in this plan are Mr. Fielder -- five years; and Mr. Carriere -- two years. Messrs. Beizer, Gabbard and Stultz had no full years of credited service under the plan at December 31, 1996.

CAPITAL ACCUMULATION PLAN

Effective October 1, 1994, the Company adopted the Gray Communications Systems, Inc. Capital Accumulation Plan (the "Capital Accumulation Plan") for the purpose of providing additional retirement benefits for substantially all employees. The Capital Accumulation Plan is intended to meet the requirements of Section 401(k) of the Internal Revenue Code of 1986, as amended (the "Code").
Contributions to the Capital Accumulation Plan are made by the employees of the Company. The Company matches a percentage of each employee's contribution which does not exceed 6% of the employee's gross pay. The percentage match is declared by the Board of Directors before the beginning of each Capital Accumulation Plan Year and was made with a contribution of the Class A Common Stock through the year ended December 31, 1996 and thereafter will be made with Class B Common Stock. The percentage match declared for the year ended December 31, 1996 was 50%. The Company matching contributions vest based upon an employee's number of years of service, over a period not to exceed five years.

EMPLOYMENT CONTRACTS AND TERMINATION OF EMPLOYMENT

Ralph W. Gabbard, the former President of the Company who died in September 1996, and the Company were parties to an employment agreement which provided for annual compensation of $250,000 during the term of the agreement (subject to yearly inflation adjustment) and entitled Mr. Gabbard to certain fringe benefits. In addition to his annual compensation, Mr. Gabbard was entitled to participate in an annual incentive compensation plan and the Incentive Plan. Under the annual incentive compensation plan, Mr. Gabbard was eligible to receive additional compensation if the operating profits of the broadcasting group of the Company reached or exceeded certain goals. Under the Incentive Plan, Mr. Gabbard received non-qualified stock options to purchase 45,509 shares of Class A Common Stock. These options are exercisable over a one-year period beginning upon his death in September 1996. The exercise price for such options is $9.67. Upon the fifth anniversary of Mr. Gabbard's employment with the Company, Mr. Gabbard would have been entitled to receive 122,034 shares of Class A Common Stock. Subsequent to Mr. Gabbard’s death, the Board of Directors awarded these shares to the estate of Mr. Gabbard and such shares were issued on March 24, 1997.

In February 1996, the Board of Directors approved an amendment to Mr. Gabbard’s employment agreement to increase Mr. Gabbard’s base salary from $250,000 to $300,000, effective January 1, 1996, and to establish a new annual compensation plan (the "Annual Compensation Plan") to be based upon the achievement by the Company of certain operating profit, the amount of which was to be established by the Board of Directors. Under the Annual Compensation Plan, if the Company achieved the targeted amount of operating profit in any given year, Mr. Gabbard would have been entitled to receive $200,000 as additional compensation. The Annual Compensation Plan further provided that if the Company exceeded the targeted amount of operating profit in any given year, Mr. Gabbard would have been entitled to receive additional compensation in excess of $200,000, as determined by the Board of Directors.

William A. Fielder, III, Vice President and Chief Financial Officer of the Company, has an employment agreement with the Company dated April 1991, which was amended March 1993, to provide for the continuation of his annual salary (currently $145,000) for a period of one year in the event of termination without cause.

Robert A. Beizer and the Company entered into an employment agreement dated February 12, 1996, for a two-year term which automatically extends for three successive one-year periods, subject to certain termination provisions. The agreement provides that Mr. Beizer shall be employed as Vice President-Law and Development of the Company with an initial annual base salary of $200,000 and a grant of options to purchase 15,000 shares of Class A Common Stock with an exercise price of $19.375 per share under the Incentive Plan at the inception of his employment. In December, 1996, the Board of Directors approved an amendment to Mr. Beizer's contract which replaces this option with the grant of an option to purchase 15,000 shares of Class B Common Stock with an exercise price of $15.875 per share. The amended Agreement provides that Mr. Beizer's base salary shall be increased yearly based upon a cost of living index and he will receive non-qualified options to purchase 7,000 shares of Class B Common Stock annually during the term of the agreement at an exercise price per share equal to the fair market value of the Class B Common Stock on the date of the grant. Accordingly, on February 12, 1997, he was granted an option to purchase an additional 7,000 shares of Class B Common Stock at $18.75. All options granted are exercisable over a three-year period beginning upon the second anniversary of the grant date. If there is a "change of control" of the Company, Mr. Beizer will be paid a lump sum amount equal to his then current
base salary for the remaining term of the agreement and will be granted any remaining stock options to which he would have been entitled. For purposes of the agreement, "change of control" is defined as any change in the control of the Company that would be required to be reported in response to Item 6(e) of Schedule 14A promulgated under the Securities Exchange Act of 1934. Mr. Beizer has agreed that during the term of his agreement and for two years thereafter, he will be subject to certain non-competition provisions.

The Management Personnel Committee recommended, and Mr. Beizer agreed, to amend his employment contract to provide for options for Class B Common Stock rather than Class A Common Stock since it had converted the Company's matching contribution under the Capital Accumulation Plan and the non-employee director options to Class B Common Stock. In an effort to make all future options consistent, the Management Personnel Committee has recommended that all future officer and employee executive stock options entitle the holders thereof to purchase Class B Common Stock.

MANAGEMENT PERSONNEL COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The goals of the Company's executive compensation program for 1996 were to attract, retain, motivate and reward qualified persons serving as executive officers. To achieve such goals the Company relies primarily on salaries, bonuses, options and other compensation for each of the Company's executive officers, except that each of the salaries of Messrs. Gabbard and Beizer is specified in his employment agreement with the Company. Such determinations of the Management Personnel Committee are reported to the full Board, which then has the opportunity to consider or amend such determinations concerning the compensation payable to executive officers. In 1996, the full Board approved the determinations of the Management Personnel Committee with respect to compensation without making any changes thereto. The Management Personnel Committee's policy for determining an executive's salary, bonus and stock option grants is based on the responsibility of such executive, his or her impact on the operations and profitability of the Company or the business unit for which such executive has operating responsibility and the knowledge and experience of such executive.

In 1996, the Management Personnel Committee utilized the foregoing criteria to determine executive salaries, bonuses and option grants and such salaries, bonuses and option grants are consistent with the foregoing policy. An executive's annual bonus is based on a percentage of his or her annual base salary. In determining the size of a bonus that an executive may earn, the Management Personnel Committee considers the executive's responsibility, experience, knowledge and his or her impact on Company or business unit profitability. These considerations are subjective in nature and the Management Personnel Committee does not assign relative weights thereto. For 1996, bonuses ranged from 0% to 95% of an executive's base salary. Whether or not a bonus is in fact earned by an executive is linked to the attainment, by the Company or the business unit for which such executive has operating responsibility, of predetermined operating profit targets based on budgeted operating revenues (which is an objective analysis) and the individual's contribution to the Company or the business unit (which is a subjective analysis). The operating profit targets are approved annually by the Management Personnel Committee. When measuring an executive's individual contribution and performance, the Management Personnel Committee examines quantitative factors, as well as qualitative factors that necessarily involve a subjective judgment.
by the Management Personnel Committee. In making such subjective determination, the Management Personnel Committee does not base its determination on any single performance factor nor does it assign relative weights to factors, but considers a mix of factors, including evaluations of superiors, and evaluates an individual's performance against such mix in absolute terms in relation to other executives at the Company. In deciding whether or not to grant an option to an individual and in determining the number of shares subject to an option so granted, the Management Personnel Committee takes into account subjective considerations, including the level of such executive's position and the individual's contribution to the Company. Although the Management Personnel Committee believes that its compensation structure is similar to that of other comparable communications companies, it did not specifically compare such structure with that of other companies in 1996.

Mr. Gabbard's 1996 base salary was $300,000 and the Annual Compensation Plan was established to provide for additional annual compensation of a minimum of $200,000 if certain operating profit levels were achieved. The Management Personnel Committee believed that Mr. Gabbard's base salary and the incentive bonus was consistent with the responsibilities of his position with the Company and his performance as measured by the criteria discussed above. Such compensation was also based on a study conducted by the Management Personnel Committee on compensation paid by 12 other comparable television broadcasting companies. Mr. Gabbard's annual compensation (salary and bonus) was within the middle range of such comparable television broadcasting companies. Such study included five of the 30 companies included in the New York Stock Exchange Industry Index based upon the Television Broadcasting Stations Standard Industrial Classification Code to which the Company compares the total return on its Class A and Class B Common Stock. See "Performance Graph." Mr. Robinson does not receive any compensation from the Company as interim President and Chief executive Officer.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Richard L. Boger, Robert S. Prather, Jr. and J. Mack Robinson are the members of the Management Personnel Committee. Messrs. Robinson and Prather are interim President and Chief Executive Officer and interim Executive Vice President -- Acquisitions of the Company, respectively.

Gray Kentucky Television, Inc., a subsidiary of the Company ("Gray Kentucky"), is a party to a rights sharing agreement with Host Communications, Inc. ("Host") and certain other parties not affiliated with the Company, pursuant to which the parties agreed to exploit Host's rights to broadcast and market certain University of Kentucky football and basketball games and related activities. Pursuant to such agreement, Gray Kentucky is licensed to broadcast certain University of Kentucky football and basketball games and related activities. Under this agreement, Gray Kentucky also provides Host with production and certain marketing services and Host provides accounting and various marketing services. During the year ended December 31, 1996, the Company received approximately $300,000 from this joint venture. See "Certain Relationships and Related Transactions" for a description of certain relationships between Messrs. Prather and Robinson and the Company, Bull Run Corporation, Host and CSP (as defined below).

Bull Run Corporation currently owns 51.5% of the outstanding common stock of Capital Sports Properties, Inc. ("CSP"). CSP's assets consist of all of the outstanding preferred stock of Host and 48.9% of the Host outstanding common stock. Bull Run Corporation also owns approximately 4.5% of Host's currently outstanding common stock directly, thereby giving Bull Run Corporation total direct and indirect ownership of Host of approximately 29.7%, assuming conversion of all currently outstanding exercisable stock options and warrants for Host common stock. Robert S. Prather, Jr., a member of the Company's Board of Directors, is a member of the Board of Directors of both CSP and Host.
The Company's Board of Directors approved payments to Bull Run Corporation of finders fees for the acquisition of all of the assets of WRDW-TV, a CBS affiliate serving the Augusta, Georgia area (the "Augusta Acquisition") and all the assets of two CBS-affiliated stations, WCTV-TV serving Tallahassee, Florida, Thomasville, Georgia and WKXT-TV in Knoxville, Tennessee, a satellite broadcasting business and a paging business (the "First American Acquisition"). The Company agreed to pay finders fees of $360,000 in connection with the Augusta Acquisition and $1.4 million in connection with the First American Acquisition of which $1.0 million was due and included in accounts payable at December 31, 1996. The Company has agreed to pay Bull Run Corporation a finders fee of $394,000 in connection with the pending acquisition of the assets of WITN-TV, an NBC-affiliate in Washington, N.C.

On January 3, 1996, Bull Run Corporation purchased for $10.0 million from the Company (i) an 8% subordinated note due in January 2005 (the "8% Note") and (ii) warrants to purchase 487,500 shares of Class A Common Stock at $17.88 per share (subject to customary antidilution provisions), 337,500 of which are currently fully vested, with the remaining warrants vesting in four equal annual installments commencing January 3, 1998, provided that the 8% Note is outstanding. On January 3, 1996, the closing price of the Class A Common Stock on the New York Stock Exchange was $17.75. The warrants (which represent 9.8% of the issued and outstanding shares of Class A Common Stock as of the record date, after giving effect to the exercise of such warrants) expire in January 2006. The Company obtained a "fairness opinion" from The Robinson-Humphrey Company, Inc., stating that the terms and conditions of the 8% Note were fair, from a financial point of view, to the shareholders of the Company. The proceeds from the sale of the 8% Note and the warrants were used to fund, in part, the Augusta Acquisition for approximately $35.9 million.

ISSUANCE OF PREFERRED STOCK AND WARRANTS

As part of the public offering of 3,500,000 shares of the Company's Class B Common Stock and $160.0 million aggregate principal amount of the Company's senior subordinated notes due 2006 and the entering into of a new senior secured bank credit facility to provide for a term loan and revolving credit facility aggregating $125.0 million (the "Financing"), the 8% Note was retired and the Company issued to Bull Run Corporation, in exchange therefor, 1,000 shares of Series A Preferred Stock (the "Series A Preferred Stock"). Subject to certain limitations, holders of the Series A Preferred Stock are entitled to receive, when, as and if declared by the Board of Directors, out of funds of the Company legally available for payment, cumulative cash dividends at an annual rate of $800 per share. The Series A Preferred Stock has priority as to dividends over the Class A Common Stock and Class B Common Stock (the "Common Stock") and any other series or class of the Company's Stock which ranks junior as to dividends as to the Series A Preferred Stock. In case of the voluntary or involuntary liquidation, dissolution or winding up of the Company, holders of the Series A Preferred Stock will be entitled to receive, when, as and if declared by the Board of Directors, out of the assets of the Company, in whole or in part, at $10,000 per share, plus an amount equal to any accrued and unpaid dividends to the redemption date and such redemption price may be paid, at the Company's option, in cash or in shares of Class A Common Stock. The holders of shares of Series A Preferred Stock will not be entitled to vote on any matter except (i) with respect to the authorization or issuance of capital stock ranking senior to, or on a parity with, the Series A Preferred Stock and with respect to certain amendments to the Company's Articles of Incorporation, (ii) if the Company shall have failed to declare and pay dividends on the Series A Preferred Stock for any six quarterly payment periods, in which event the holders of the Series A Preferred Stock shall be entitled to elect two directors to the Company's Board of Directors until the full dividends accumulated have been declared and paid and (iii) as required by law. The warrants issued with the 8% Note will vest in accordance with the schedule described above, provided that the Series A Preferred Stock remains outstanding.
In addition, as part of the Financing, the Company issued to Bull Run Corporation and to J. Mack Robinson, Chairman of the Board of Bull Run Corporation and interim President and Chief Executive Officer and a director of the Company, and certain of his affiliates, for $10 million, 1,000 shares of Series B Preferred Stock (the "Series B Preferred Stock" and, together with the Series A Preferred Stock, the "Preferred Stock"). Subject to certain limitations, holders of the Series B Preferred Stock are entitled to receive, when, as and if declared by the Board of Directors, out of funds of the Company legally available for payment, cumulative dividends at an annual rate of $600 per share, except that the Company at its option may pay such dividends in cash or in additional shares of Series B Preferred Stock valued, for the purpose of determining the number of shares (or fraction thereof) of such Series B Preferred Stock to be issued, at $10,000 per share. The Series B Preferred Stock has priority as to dividends over the Common Stock and any other series or class of the Company's stock which ranks junior as to dividends as to the Series B Preferred Stock. In case of the voluntary or involuntary liquidation, dissolution or winding up of the Company, holders of the Series B Preferred Stock will be entitled to receive a liquidation price of $10,000 per share, plus an amount equal to any accrued and unpaid dividends to the payment date, before any payment or distribution is made to the holders of Common Stock or any other series or class of the Company's stock which ranks junior as to liquidation rights to the Series B Preferred Stock. The Series B Preferred Stock may be redeemed at the option of the Company, in whole or in part, at any time or from time to time, at $10,000 per share, plus an amount equal to any accrued and unpaid dividends to the redemption date and such redemption price may be paid, at the Company's option, in cash or in shares of Class A Common Stock. The holders of shares of Series B Preferred Stock will not be entitled to vote on any matter except (i) with respect to the authorization or issuance of capital stock ranking senior to, or on a parity with, the Series B Preferred Stock and with respect to certain amendments to the Company's Articles of Incorporation, (ii) if the Company shall have failed to declare and pay dividends on the Series B Preferred Stock for any six quarterly payment periods, in which event the holders of the Series B Preferred Stock shall be entitled to elect two directors to the Company's Board of Directors until the full dividends accumulated have been declared and paid and (iii) as required by law. The shares of the Series A Preferred Stock and Series B Preferred Stock will rank PARI PASSU as to the payment of dividends and as to distribution of assets upon liquidation, dissolution or winding up of the Company.

In connection with the issuance of the Series B Preferred Stock as part of the Financing, (i) the Company issued to Bull Run Corporation, J. Mack Robinson and certain of his affiliates, warrants entitling the holder thereof to purchase 500,000 shares of Class A Common Stock at an exercise price equal to $24.00 per share (subject to customary antidilution provisions), representing 10.0% of the issued and outstanding shares of Class A Common Stock as of the record date, after giving effect to the exercise of such warrants. Of these warrants, 300,000 vested upon issuance, with the remaining warrants vesting in five equal installments commencing on the first anniversary of the date of issuance. The warrants may not be exercised prior to the second anniversary of the date of issuance and will expire on the tenth anniversary of the date of issuance. The Company obtained a written opinion from The Robinson-Humphrey Company, Inc. stating that the terms and conditions of the Series B Preferred Stock and the warrants are fair to the shareholders of the Company from a financial point of view.
The following graph compares the cumulative total shareholder return of the Company’s Class A Common Stock and Class B Common Stock, for the period from March 27, 1992 and September 24, 1996 (when the Company's Class A Common Stock and Class B Common Stock first became publicly traded, respectively) to December 31, 1996 as compared to stock market total return indexes for (i) the New York Stock Exchange and (ii) the New York Stock Exchange Industry Index based upon the Television Broadcasting Stations Standard Industrial Classification Code. In July 1995, the Class A Common Stock was listed on The New York Stock Exchange. The graph assumes that $100 was invested in the Class A Common Stock and Class B Common Stock in each such index on March 27, 1992 and September 24, 1996, respectively, and all dividends were reinvested.

J. Mack Robinson, interim President, Chief Executive Officer and a director of the Company, is Chairman of the Board of Bull Run Corporation and the beneficial owner of approximately 29.3% of the outstanding shares of common stock, par value $.01 per share (“Bull Run Common Stock”), of Bull Run Corporation (including certain shares as to which such beneficial ownership is disclaimed by Mr. Robinson). Robert S. Prather, Jr., interim Executive Vice President -- Acquisitions and a director of the Company, is President, Chief Executive Officer and a director of Bull Run Corporation and the beneficial owner of approximately 13.1% of the outstanding shares of Bull Run Common Stock (including certain shares as to which such beneficial ownership is disclaimed by Mr. Prather). See “Compensation Committee Interlocks and Insider Participation” for a description of certain business relationships between the Company and Messrs. Prather and Robinson, Host, CSP and Bull Run Corporation.

In connection with the initial purchase by Bull Run Corporation and its affiliates in 1993 of the shares owned by a former principal shareholder of the Company, in the application for approval of that transaction by the FCC, Bull Run Corporation and its affiliates: (i) agreed not to cause more than three of its designees to be elected to the Board of Directors of the Company; (ii) stated that Bull Run Corporation and its affiliates have acquired the common stock of the Company for investment purposes only and not with the intent to control the Company; (iii) agreed not to solicit proxies for votes on matters before the Company's shareholders; (iv) represented that no individual affiliated with Bull Run Corporation would serve as an officer or key employee of the Company; and (v) agreed to file an appropriate application with the FCC in the event these circumstances were to change.

The Company has filed an application seeking approval from the FCC for the transfer of de facto control of the Company, as defined by FCC rules and policies, to J. Mack Robinson, an affiliate of Bull
Run Corporation, in order that Mr. Robinson and Mr. Prather, also an affiliate of Bull Run Corporation, can remain active in the management of the Company and to terminate the other FCC related restrictions on Bull Run Corporation and its affiliates.
