NEWS RELEASE

Gray Reports Operating Results

For the Three-Month and Nine-Month Periods Ended September 30, 2013

Atlanta, Georgia – November 7, 2013... Gray Television, Inc. (“Gray,” “we,” “us” or “our”) (NYSE: GTN and GTN.A) today announced results from operations for the three-month period (the “third quarter of 2013”) and nine-month period ended September 30, 2013 as compared to the three-month period (the “third quarter of 2012”) and nine-month period ended September 30, 2012.

Highlights:

For the third quarters of 2013 and 2012, our revenue, broadcast expense and corporate and administrative expense were as follows:

	Three Months Ended September 30,		
	2013	2012	% Change
	(in thousands except for percentages)		
Revenue (less agency commissions)	\$88,288	\$ 102,879	(14)%
Operating expenses (before depreciation, amortization and loss on disposal of assets):			
Broadcast expense	\$53,516	\$ 52,034	3%
Corporate and administrative expense	\$ 4,470	\$ 4,010	11%

We are pleased with our operating results for the third quarter of 2013. We experienced period over period increases in local advertising, internet advertising and retransmission consent revenue. Our period over period decrease in total revenue was primarily due to the expected decrease in political advertising revenue during the “off-year” of the two-year political advertising cycle.

Our period over period increase in broadcast expenses (excluding depreciation, amortization and loss on disposal of assets) was due primarily to routine increases in salaries, healthcare expense and pension expense, offset in part by a decrease in incentive compensation. Our period over period increase in corporate and administrative expenses (excluding depreciation, amortization and loss on disposal of assets) was due primarily to increases in salaries, relocation expense and stock-based compensation expense, offset in part by a decrease in incentive compensation.

Comments on Results of Operations for the Third Quarter of 2013:

Revenue.

Total revenue decreased \$14.6 million, or 14%, to \$88.3 million for the third quarter of 2013 compared to the third quarter of 2012. Local and internet advertising revenue, retransmission consent and consulting revenue increased, while political advertising revenue, national advertising revenue and other revenue decreased. In the third quarter of 2013, our local and national advertising revenue did not have the benefit of Olympic advertising revenue as it did in 2012. During the third quarter of 2012, we earned approximately \$4.0 million of revenue from local and national advertisers and \$1.1 million of revenue from political advertisers during the broadcast of the 2012 Summer Olympics on our ten primary NBC stations.

Retransmission consent revenue increased primarily due to increased subscriber counts and rates. Political advertising revenue decreased due to decreased advertising from political candidates and special interest groups in the “off year” of the two-year political advertising cycle.

As previously disclosed, during the third quarter of 2013, we recognized a one-time payment of \$7.1 million as incentive consulting revenue associated with a now-expired consulting agreement for services rendered prior to the expiration thereof. We do not expect to recognize any further revenue from this agreement.

The principal components of our revenue for the third quarter of 2013 compared to the third quarter of 2012 were as follows:

Local advertising revenue increased \$2.1 million, or 4%, to \$48.7 million.

National advertising revenue decreased \$0.8 million, or 5%, to \$13.6 million.

Internet advertising revenue increased \$0.1 million, or 2%, to \$6.5 million.

Political advertising revenue decreased \$23.1 million, or 94%, to \$1.4 million.

Retransmission consent revenue increased \$0.6 million, or 8%, to \$9.2 million.

Other revenue decreased \$0.1 million, or 6%, to \$1.8 million.

Consulting revenue increased \$6.6 million to \$7.1 million.

For the third quarter of 2013, our five largest nonpolitical advertising customer categories on a combined local and national basis, by customer type, demonstrated the following changes in revenue compared to the third quarter of 2012: automotive increased 5%; restaurant increased 2%; medical decreased 9%; communications increased 6%; and furniture and appliances increased 2%.

Operating expenses.

Broadcast expenses (before depreciation, amortization and loss on disposal of assets) increased \$1.5 million, or 3%, to \$53.5 million for the third quarter of 2013 compared to the third quarter of 2012. This increase was due primarily to an increase in compensation expense of \$1.7 million, offset in part by a decrease in non-compensation expense of \$0.2 million. Compensation expense increased primarily due to routine increases in salaries, healthcare expense and pension expense, offset in part by a decrease in incentive compensation. Non-compensation expense increased primarily due to increases in programming costs, software license fees and bad debt expense offset in part by decreases in national sales commissions, legal expense and repairs and maintenance expense.

Corporate and administrative expenses (before depreciation, amortization and loss on disposal of assets) increased \$0.5 million, or 11%, to \$4.5 million. The increase was due primarily to increases in compensation expense of \$0.2 million and non-compensation expense of \$0.3 million. Compensation expense increased primarily due to an increase in salaries, relocation expense and stock-based compensation expense, offset in part by a decrease in incentive compensation. We recorded non-cash stock-based compensation expense during the third quarter of 2013 and the third quarter of 2012 of \$0.3 million and \$0.2 million, respectively.

Comments on Results of Operations for the Nine-Month Period Ended September 30, 2013:

Revenue.

Total revenue decreased \$27.5 million, or 10%, to \$250.7 million for the nine months ended September 30, 2013 compared to the nine months ended September 30, 2012. Local, national and internet advertising revenue, retransmission consent revenue and consulting revenue increased while political advertising revenue and other revenue decreased. Local and national net advertising revenue in the nine months ended September 30, 2013 was positively influenced by the broadcast of the 2013 Super Bowl on our 20 CBS channels, earning us approximately \$1.1 million, an increase of approximately \$0.3 million compared to the broadcast of the 2012 Super Bowl on our 10 NBC channels that earned us approximately \$0.8 million. However, local and national advertising revenue in the nine months ended September 30, 2013 did not

benefit from any Olympic Games advertising. Retransmission consent revenue increased primarily due to increased subscriber counts and rates. Political advertising revenue reflected decreased advertising from political candidates and special interest groups during the “off year” of the two-year political advertising cycle. Other revenue decreased due to an anticipated reduction of certain copyright royalty payments during the 2013 period.

As noted in our discussion of our revenue for the third quarter of 2013, we recorded a one-time payment of \$7.1 million as incentive consulting revenue associated with a now-expired consulting agreement for services rendered prior to the expiration thereof.

The principal components of our revenue for the nine months ended September 30, 2013 compared to the nine months ended September 30, 2012 were as follows:

Local advertising revenue increased \$5.1 million, or 4%, to \$146.0 million.

National advertising revenue increased \$0.4 million, or 1%, to \$42.1 million.

Internet advertising revenue was consistent with the prior year period at \$18.4 million.

Political advertising revenue decreased \$39.8 million, or 94%, to \$2.8 million.

Retransmission consent revenue increased \$3.0 million, or 12%, to \$28.3 million.

Other revenue decreased \$1.4 million, or 18%, to \$6.1 million.

Consulting revenue increased \$5.2 million to \$7.1 million.

In the nine-months ended September 30, 2013, our five largest nonpolitical advertising customer categories on a combined local and national basis, by customer type, demonstrated the following changes in revenue compared to the nine-months ended September 30, 2012: automotive increased 8%; medical decreased 6%; restaurant decreased 1%; communications increased 3%; and furniture and appliances increased 4%.

Operating expenses.

Broadcast expenses (before depreciation, amortization and gain on disposal of assets) increased \$3.2 million, or 2%, to \$158.8 million for the nine-months ended September 30, 2013 compared to the nine-months ended September 30, 2012. This increase was due primarily to increases in compensation expense of \$2.6 million and non-compensation expense of \$0.6 million. Compensation expense increased primarily due to increases in salaries, healthcare expense and pension expense, offset in part by a decrease in incentive compensation. Non-compensation expense increased primarily due to increases in programming costs, market research and software license fees, offset in part by a decrease in national sales commissions, legal expense and repairs and maintenance expense.

Corporate and administrative expenses (before depreciation, amortization and gain on disposal of assets) increased \$2.8 million, or 26%, to \$13.6 million. The increase was due primarily to increases in compensation expense of \$1.5 million and non-compensation expense of \$1.3 million. Compensation expense increased primarily due to an increase in stock-based compensation expense and severance expense resulting from the resignation of a former employee in June 2013. We recorded non-cash stock-based compensation expense during the nine-month periods ended September 30, 2013 and 2012 of \$1.7 million and \$0.3 million, respectively. Non-compensation expense increased primarily due to increased consulting expenses, legal expenses and travel expenses.

Comments on Guidance:*Fourth Quarter of 2013.*

Based on our current forecasts for the fourth quarter of 2013, we anticipate the following changes from the three-month period ended December 31, 2012 (the “fourth quarter of 2012”):

Revenue.

- We believe our fourth quarter of 2013 local advertising revenue, excluding political advertising revenue, will increase from the fourth quarter of 2012 by approximately 10%.
- We expect our fourth quarter of 2013 national advertising revenue, excluding political advertising revenue, will increase from the fourth quarter of 2012 by approximately 8%.
- We anticipate our fourth quarter of 2013 internet advertising revenue, excluding political advertising revenue, will increase from the fourth quarter of 2012 by approximately 5%.
- We believe our fourth quarter of 2013 retransmission consent revenue will increase from the fourth quarter of 2012 by approximately 28%.
- We do not anticipate any significant political advertising revenue in the fourth quarter of 2013, continuing to reflect the “off year” of the two-year political advertising cycle and the absence of any special elections and special political issue advertising campaigns in our markets.
- We do not anticipate recording any consulting revenue in the fourth quarter of 2013.

Non-GAAP Terms

From time to time, Gray supplements its financial results prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") by disclosing the non-GAAP financial measures Broadcast Cash Flow and Broadcast Cash Flow Less Cash Corporate Expenses. These non-GAAP amounts are used by us to approximate the amount used to calculate a key financial performance covenant contained in our debt agreements. Broadcast Cash Flow is defined as net income plus corporate and administrative expenses, depreciation and amortization (including amortization of intangible assets and program broadcast rights), any loss on disposal of assets, any miscellaneous expense, interest expense and any income tax expense, less any gain on disposal of assets, any miscellaneous income, any income tax benefits, payments for program broadcast obligations and network compensation revenue and network payments. Corporate and administrative expenses (excluding depreciation, amortization and non-cash stock based compensation) are deducted from Broadcast Cash Flow to calculate "Broadcast Cash Flow Less Cash Corporate Expenses." These non-GAAP terms are not defined in GAAP and our definitions may differ from, and therefore not be comparable to, similarly titled measures used by other companies, thereby limiting their usefulness. Such terms are used by management in addition to and in conjunction with results presented in accordance with GAAP and should be considered as supplements to, and not as substitutes for, net income and cash flows reported in accordance with GAAP.

The Company

We are a television broadcast company headquartered in Atlanta, Georgia, that owns and operates television stations in 31 television markets broadcasting 46 channels affiliated with one of the “Big 4 Networks” (ABC, CBS, FOX and NBC) and 42 additional channels of programming. We also operate additional television stations that broadcast channels affiliated with ABC, CBS, NBC, CW, and Telemundo. Our owned and/or operated television stations collectively broadcast twenty-three channels affiliated with the CBS Network, fourteen channels affiliated with the NBC Network, nine channels affiliated with the ABC Network and five channels affiliated with the FOX Network.

Within a market, our additional broadcast channels are generally affiliated with networks different from those affiliated with our “Big 4 Network” channels, and are operated by us to make better use of our broadcast spectrum by providing supplemental and/or alternative programming to our “Big 4 Network” channels. Certain of our additional channels are affiliated with more than one network simultaneously. Our additional channels are affiliated with networks such as “MyNetworkTV”, the CW Network or the CW Plus Network, the MeTV Network, This TV Network, the Live Well Network, Antenna TV and Telemundo. We also broadcast eight local news/weather channels in certain of our existing markets. Our combined TV station group reaches approximately 6.5% of total United States households.
