Our retransmission revenue for the six-month period ended June 30, 2015, was \$73.2 million, which was also the highest for any first six-months in our history.
- *Cash* – As of June 30, 2015, our total cash and cash equivalents on hand was \$222.2 million. On July 1, 2015 we used \$77.4 million to complete our acquisitions, described below.
- *Total Leverage Ratio* – As of June 30, 2015, we had reduced our total leverage ratio to 5.7 times on a trailing eight-quarter basis (calculated under the terms of our senior credit facility); netting all cash on our balance sheet further reduced our total leverage ratio to 4.8 times.
- *Acquisitions* – On July 1, 2015, we completed five acquisitions: KMVT-TV (CBS) and KSVT-TV (FOX) in Twin Falls, Idaho (the “Twin Falls Acquisition”); WAGM-TV (CBS/FOX) in Presque Isle, Maine (the “Presque Isle Acquisition”); KOSA-TV (CBS) in Odessa, Texas (the “Odessa Acquisition”); certain non-licensed assets including programming streams of WFXS (FOX) in Wausau, Wisconsin (the “Wausau Acquisition”); and certain non-licensed assets including programming streams of KVTV (CBS) in Laredo, Texas (the “Laredo Acquisition”, and, collectively with the foregoing transactions, the “2015 Acquired Stations”).
- *Dispositions* – On July 1, 2015, we announced the sale of KBGF-TV (NBC) in Great Falls, Montana and KTVH-TV (NBC and CW) in Helena, Montana. In addition, we announced the donation of KMTF-TV (now dark) in Helena, Montana to Montana State University (“MSU”). This donation will allow MSU to operate a full power PBS affiliated television station in the state’s capital for the first time in the history of the statewide PBS network that MSU operates. Both of these transactions are subject to FCC approval and are expected to be completed in the third quarter.
- *Pension Plan* – On June 30, 2015, we froze our active pension plan, reducing our liability by \$12.3 million, before tax. This was recognized as a reduction in our accumulated other comprehensive loss, and had no effect on our net income. Effective on July 1, 2015, we began to redirect employer contributions to our 401(k) retirement plan.

### *Revenue (less agency commissions) by Category:*

The table below presents our revenue (less agency commissions) or “net revenue” by category for the three-month periods ended June 30, 2015 and 2014, respectively:

	Three Months Ended June 30,			
	2015		2014	
	Amount	Percent of Total	Amount	Percent of Total
<b>Revenue (less agency commissions):</b>				
Local	\$ 76,053	53.0%	\$ 56,678	52.8%
National	18,949	13.2%	14,826	13.8%
Internet	7,038	4.9%	7,206	6.7%

Total	<u>\$ 143,464</u>	<u>100.0%</u>	<u>\$ 107,249</u>	<u>100.0%</u>

### *Revenue on As-Reported Basis.*

Total revenue increased \$36.2 million, or 34%, to \$143.5 million for the second quarter of 2015, compared to the second quarter of 2014. For the second quarters of 2015 and 2014, revenue from the stations we acquired in various transactions in 2014 (the “2014 Acquired Stations”) accounted for approximately \$34.5 million and \$5.2 million of our total revenue, respectively.

The principal components of our revenue for the second quarter of 2015, compared to the second quarter of 2014, were as follows:

- Local advertising revenue increased \$19.4 million, or 34%, to \$76.1 million;
- National advertising revenue increased \$4.1 million, or 28%, to \$18.9 million;
- Internet advertising revenue decreased \$0.2 million, or 2%, to \$7.0 million;
- Political advertising revenue decreased \$6.4 million, or 75%, to \$2.2 million, reflecting the “off-year” of the two-year election cycle;
- Retransmission consent revenue increased \$19.3 million, or 109%, to \$36.9 million; and
- Other revenue increased \$0.1 million, or 2%, to \$2.3 million.

Our revenues increased primarily due to the revenue from the 2014 Acquired Stations and increases in retransmission consent revenue at all of our stations. Our local advertising revenue increased primarily due to increased spending in an improving economy. Political advertising revenue decreased due to 2015 being the “off year” of the two-year election cycle. Retransmission consent revenue increased due to increased retransmission consent rates.

Within our local and national advertising revenue categories, and excluding revenue from the 2014 Acquired Stations, our five largest customer categories experienced the following changes during the second quarter of 2015 compared to the second quarter of 2014:

- Automotive decreased 2%;
- Medical increased 14%;
- Restaurant decreased less than 1%;
- Furniture and appliances increased 11%; and
- Communications decreased 3%.

### ***Revenue on Combined Historical Basis.***

In order to provide more meaningful period over period comparisons, we are also presenting herein certain historical revenue and broadcast expense information on a "Combined Historical Basis." Combined Historical Basis reflects financial results that have been prepared by adding Gray's historical revenue and broadcast expenses with the historical revenue and broadcast expenses of each of the 2014 Acquired Stations from January 1, 2013, but it does not include any adjustments for other events attributable to the acquisitions except that "Combined Historical Free Cash Flow" gives effect to the financings related to acquisitions completed in 2014 and 2013, as if the financing occurred at the beginning of the 2013 period.

On a Combined Historical Basis, total revenue increased \$9.7 million, or 7%, to \$143.5 million in the second quarter of 2015 as compared to the second quarter of 2014. The Combined Historical Basis components of revenue for the second quarter of 2015, compared to the second quarter of 2014, were approximately as follows:

- Local advertising revenue increased \$4.5 million, or 6%, to \$76.1 million;
- National advertising revenue increased \$0.8 million, or 4%, to \$18.9 million;
- Combined local and national advertising revenue increased \$5.3 million, or 6%, to \$95.0 million;
- Internet advertising revenue decreased \$0.7 million, or 10%, to \$7.0 million;
- Political advertising revenue decreased \$8.2 million, or 79%, to \$2.2 million, reflecting the "off-year" of the two-year election cycle;
- Retransmission consent revenue increased \$15.1 million, or 70%, to \$36.9 million; and
- Other revenue decreased \$1.8 million, or 43%, to \$2.3 million.

Within our local and national advertising revenue categories, and including revenue from the 2014 Acquired Stations, our five largest customer categories experienced the following changes during the second quarter of 2015, compared to the second quarter of 2014:

- Automotive decreased less than 1%;
- Medical increased 13%;
- Restaurant increased 2%;
- Furniture and appliances increased 10%; and
- Communications increased 6%.

### ***Broadcast Operating Expenses on As-Reported Basis.***

Broadcast operating expenses (before depreciation, amortization and loss on disposal of assets) increased \$20.4 million, or 31%, to \$86.4 million for the second quarter of 2015 compared to the second quarter of 2014. For the second quarters of 2015 and 2014, the 2014 Acquired Stations accounted for approximately \$19.4 million and \$2.3 million of our total broadcast expenses, respectively.

- Non-compensation expense increased \$15.3 million primarily due to network program fees that increased \$12.7 million reflecting increased fees payable to networks under our affiliation agreements renewed in 2014, as well as the commencement of network program fees to CBS in the first quarter of 2015. Other operating expenses all increased as a result of the 2014 Acquired Stations.
- Compensation expense increased by \$9.0 million resulting primarily from the addition of personnel at the 2014 Acquired Stations, but partially offset by a \$3.8 million non-cash charge in the 2014 three-month period incurred to implement changes to our paid-time-off policy. Non-cash share based compensation expenses were \$0.2 million in the second quarter of 2015 compared to \$0.3 million in the second quarter of 2014.

***Broadcast Operating Expenses on Combined Historical Basis.***

On a Combined Historical Basis, broadcast expenses (before depreciation, amortization and loss on disposal of assets) increased \$6.1 million, or 8%, to \$86.4 million in the second quarter of 2015 as compared to the second quarter of 2014. The increase reflects, in part, the following:

- Network program fees increased \$11.1 million consistent with the growth of retransmission consent revenue under our network affiliation agreements renewed in 2014, as well as the commencement of network program fees to CBS in the first quarter of 2015.
- Compensation expense decreased approximately \$3.0 million, primarily as a result of a \$3.8 million non-cash charge in the 2014 three-month period incurred to implement changes to our paid-time-off policy in 2014. Non-cash share based compensation expenses were \$0.2 million in the second quarter of 2015, compared to \$0.3 million in the second quarter of 2014.

***Corporate and Administrative Operating Expenses on As-Reported Basis.***

Corporate and administrative expenses (before depreciation, amortization and loss on disposal of assets) decreased \$3.4 million, or 35%, to \$6.4 million in the second quarter of 2015 as compared to the second quarter of 2014. The decrease reflects, in part, the following:

- Non-compensation expense decreased \$4.0 million in the three-month period primarily due to a decrease in professional fees related to the 2014 Acquisitions.
- Compensation expense increased \$0.6 million primarily due to increases in incentive compensation, relocation costs and routine increases in salary expense. Non-cash share based compensation expenses were \$0.8 million in the second quarter of 2015, compared to \$0.7 million in the second quarter of 2014.

- Communications increased 4%.

### ***Broadcast Operating Expenses on As-Reported Basis.***

Broadcast operating expenses (before depreciation, amortization and loss on disposal of assets) increased \$46.9 million, or 37%, to \$173.3 million for the six-months ended June 30, 2015 compared to the six-months ended June 30, 2014. For the six-months ended June 30, 2015 and 2014, the 2014 Acquired Stations accounted for approximately \$39.2 million and \$2.8 million of our total broadcast expenses, respectively.

- Compensation expense increased \$19.5 million resulting primarily from the addition of personnel at the 2014 Acquired Stations. This increase was partially offset by the effect of a \$3.8 million non-cash charge in 2014 incurred to implement changes to our paid-time-off policy. Non-cash share based compensation expenses were \$0.5 million in the six-month period ended June 30, 2015, compared to \$1.0 million compared to the six-month period ended June 30, 2014.
- Non-compensation expense increased \$31.2 million primarily due to network affiliation fees that increased \$25.7 million reflecting increased fees payable to networks under our affiliation agreements renewed in 2014, as well as the commencement of network program fees to CBS in the first quarter of 2015.

***Broadcast Operating Expenses on Combined Historical Basis.***

On a Combined Historical Basis, broadcast expenses (before depreciation, amortization and loss on disposal of assets) increased \$15.1 million, or 10%, to \$173.3 million in the six-month period ended June 30, 2015 compared to the six-month period ended June 30, 2014. The increase reflects, in part, the following:

- Network program fees increased \$22.2 million consistent with the growth of the related retransmission consent revenue under our network affiliation agreements renewed in 2014, as well as the commencement of network program fees to CBS in the first quarter of 2015.
- Compensation expense decreased \$2.2 million, primarily as a result of a \$3.8 million non-recurring non-cash charge in the 2014 three-month period incurred to implement changes to our paid-time-off policy. Non-cash share based compensation expenses were \$0.5 million in the six-month period ended June 30, 2015, compared to \$1.0 million in the six-month period ended June 30, 2014.
- Trade expense decreased \$1.0 million.

***Corporate and Administrative Operating Expenses on As-Reported Basis.***

Corporate and administrative expenses (before depreciation, amortization and loss on disposal of assets) decreased \$3.1 million, or 19%, to \$13.3 million in the six-months ended June 30, 2015 compared to the six-months ended June 30, 2014. The decrease reflects, in part, the following:

- Non-compensation expense decreased \$4.2 million primarily due to a decrease in professional fees related to the 2014 Acquisitions in the six-month period ended June 30, 2015.
- Compensation expense increased \$1.1 million primarily due to increases in incentive compensation, relocation costs and routine increases in salary expense. Non-cash share based compensation expenses were \$1.5 million in the six-month period ended June 30, 2015, compared to \$2.1 million in the six-month period ended June 30, 2014.
