PART III — NARRATIVE

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

Under our senior credit facility we are required to maintain compliance with various financial covenants, including keeping our leverage ratio below certain maximum levels. As previously disclosed, the continuing general economic recession, including the significant decline in advertising by the automotive industry, adversely impacted our ability to generate cash from operations during 2009 and continuing into the first quarter of 2010. We were in compliance with all covenants under our senior credit facility as of December 31, 2009. However, based on the continuing trends and our current assumptions regarding our operations, we believed that we would not be able to meet the more restrictive leverage ratio covenant — which would decrease from 8.5 to 7.0 — that would take effect for periods ending on and after March 31, 2010.

As a result, and as previously disclosed, we commenced discussions with our lenders under the senior credit facility to seek certain modifications to the terms of the credit facility, including the leverage ratio covenant. On March 30, 2010, we successfully reached agreement on the terms of an amendment to our senior credit facility, to take effect on March 31, 2010, the terms of which will be described in a report filed with the SEC as soon as practicable. The nature and terms of the amendment directly affect the presentation of our financial statements, our liquidity and capital resources, and the related disclosures to be included in our Annual Report on Form 10-K for the year ended December 31, 2009 (the “Annual Report”). Consequently, the process of completing the financial statements and the related information required to be included in the Annual Report could not be completed by the scheduled filing deadline for the Annual Report. The Company currently anticipates that the Annual Report will be filed as soon as practicable but in any event no later than the fifteenth calendar day following the prescribed due date.

SEC 1344 (05-06) Persons who are to respond to the collection of information contained in this form are not required to respond unless the form displays a currently valid OMB control number.

Yes ☑ No ☐

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

As previously announced, for the year ended December 31, 2009, we expect to report revenues (less agency commissions) of $270.3 million, compared to $327.2 million for 2008. The decrease in revenues was primarily attributable to decreases in the categories of local advertising, national advertising and political advertising.
