This proxy statement is being furnished by the Board of Directors (the “Board”) of Gray Media, Inc., a Georgia corporation (which we refer to as “Gray,” the “Company,” “we,” “us” or “our”), to the holders of shares of each of our common stock, no par value per share (“common stock”), and our Class A common stock, no par value per share (“Class A common stock”), in connection with the solicitation of proxies by the Board for use at our 2026 Annual Meeting of Shareholders (the “2026 Annual Meeting”) to be held at the Company’s corporate headquarters, 4370 Peachtree Road, N.E., Atlanta, Georgia 30319, at 11:30 a.m., Eastern time, and at any adjournments or postponements thereof. For directions to the location of the 2026 Annual Meeting, you may contact our corporate offices at (404) 504-9828. Distribution to shareholders of the Notice of Internet Availability of Proxy Materials (the “Notice”) and this proxy statement and a proxy card is scheduled to begin on or about March 26, 2026.

A proxy delivered pursuant to this solicitation is revocable at the option of the person giving the same at any time before it is exercised. A proxy may be revoked, prior to its exercise, by submitting a later dated vote via the internet or by telephone, by signing and delivering a later dated proxy card, by delivering written notice of the revocation of the proxy to our Corporate Secretary prior to the 2026 Annual Meeting, or by attending and voting at the 2026 Annual Meeting. Attendance at the 2026 Annual Meeting, in and of itself, will not constitute revocation of a proxy. Unless previously revoked, the shares represented by proxy will be voted in accordance with the shareholder’s directions if the proxy is duly submitted prior to the 2026 Annual Meeting.

If you return a signed proxy card that does not indicate your voting preferences, the persons named as proxies on the proxy card will vote your shares **FOR** the election of each of the director nominees recommended by the Board, **FOR** the approval, on a non-binding advisory basis, of the compensation of Gray’s named executive officers (the “say-on-pay vote”), and **FOR** the ratification of the Company’s independent registered public accounting firm, and in accordance with the discretion of the named proxies on any other matters properly brought before the 2026 Annual Meeting.

The expenses associated with this proxy statement and soliciting the proxies sought hereby will be borne by us. In addition to the use of the mail, proxies may be solicited by our officers, directors and employees, who will not receive additional compensation therefor, in person or by telephone or other means of electronic communication. VOTING MATTERS

Record Date and Voting Rights

Our Board has fixed the close of business on March 6, 2026 as the record date (the “Record Date”) for determining holders of our common stock and our Class A common stock entitled to notice of, and to vote at, the 2026 Annual Meeting. Only holders of record of our common stock and/or our Class A common stock at the close of business on that date will be entitled to notice of, and to vote at, the 2026 Annual Meeting. As of the record date, 92,912,582 shares of our common stock and 9,869,307 shares of our Class A common stock were outstanding. Each share of our common stock is entitled to one vote, and each share of our Class A common stock is entitled to ten votes, for each director nominee and each other matter to be acted upon at the 2026 Annual Meeting. Cumulative voting for director nominees is not allowed.

Shareholders of record may vote:

- By the internet at <http://www.proxyvote.com> and following the instructions on the Notice or the proxy card;
- by telephone at 1-800-690-6903 as directed on the proxy card;
- by completing and mailing the proxy card; or
- by attending the 2026 Annual Meeting and voting.

Instructions for voting are included on the Notice or the proxy card.

You may revoke your proxy and change your vote by:

- Voting by the internet or telephone on or before 11:59 p.m., Eastern time, on May 5, 2026;
- signing and properly submitting another proxy with a later date that is received before the polls close at the 2026 Annual Meeting;
- giving written notice of the revocation of your proxy to the Company’s Corporate Secretary, prior to the 2026 Annual Meeting; or
- voting in person at the 2026 Annual Meeting.

Important Notice Regarding the Availability of Proxy Materials for the 2026 Annual Meeting

The following information can be found at <http://www.proxyvote.com>:

- Notice of Annual Meeting;
- Proxy Statement;
- 2025 Annual Report on Form 10-K; and
- Form of Proxy Card.

Quorum

A quorum is necessary to hold a valid 2026 Annual Meeting. A majority of all possible votes, or 95,802,827 votes (including abstentions and broker non-votes (described below), represented in person or by proxy will constitute a quorum. Votes cast in person or by proxy at the 2026 Annual Meeting will be tabulated by the inspector of elections appointed for the meeting, who also will count such votes to determine whether a quorum is present for the transaction of business.

If a quorum is not present at the scheduled time of the 2026 Annual Meeting, a majority of the shares so represented may adjourn or postpone the 2026 Annual Meeting until a quorum is present. The time and place of the adjourned or postponed 2026 Annual Meeting will be announced at the time the adjournment is taken and, unless such adjournment or postponement is for more than 30 days, no other notice will be given. An adjournment or postponement will have no effect on the business that may be conducted at the 2026 Annual Meeting.

Shares Held by a Bank, Broker or Other Nominee and Broker Non-Votes

If you are the beneficial owner of shares of common stock or Class A common stock held in “street name” by a bank, broker or other nominee, such other party is the record holder of the shares and is required to vote those shares in accordance with your instructions. If you do not give instructions to the record holder, that party will be prohibited from voting your shares on any matter other than with respect to the ratification of the appointment of RSM US LLP as our independent registered public accounting firm for the year ending December 31, 2026. If you do not provide instructions to the record holder, your shares will be treated as “broker non-votes” with respect to all other proposals voted on at the 2026 Annual Meeting. Additionally, the record holder may elect not to vote your shares with respect to the ratification of our independent registered public accounting firm, in which case your shares would also be treated as “broker non-votes” with respect to that proposal. All “broker non-votes” will be included for purposes of calculating the presence of a quorum, but otherwise will be treated as shares not voted on a proposal.

Additionally, if you participate in the Gray Media 401(k) Savings Plan (the “Gray 401(k) Plan”) and have contributions invested in the Company’s common stock or Class A common stock as of the Record Date, your proxy card will also serve as a voting instruction card for the trustee under the Gray 401(k) Plan Trustee (the “Gray 401(k) Plan Trustee”). If you do not give instructions to the Gray 401(k) Plan Trustee, the Gray 401(k) Plan Trustee will be prohibited from voting your shares on any matter at the 2026 Annual Meeting and your shares will not be included for purposes of calculating the presence of a quorum.

Required Vote

Director nominees will be elected by a plurality of the votes cast in person or by proxy at the 2026 Annual Meeting, which means that the ten nominees receiving the most votes will be elected. Votes withheld from any nominee will have no effect on the outcome of the election of directors. Abstentions and broker non-votes will not be counted as “votes cast” and, therefore, will have no effect on the outcome of the election of directors.

The non-binding approval of Gray’s say-on-pay vote requires the affirmative vote of a majority of the votes cast in person or by proxy at the 2026 Annual Meeting. Abstentions and broker non-votes will not be counted as “votes cast” and, therefore, will have no effect on the outcome of this proposal. Because the shareholder vote on this proposal is advisory only, it will not be binding on Gray or the Board. However, the Compensation Committee of the Board (the “Compensation Committee”) will review the voting results and expects to take them into consideration when making future decisions regarding executive compensation as the committee deems appropriate.

The ratification of the appointment of RSM US LLP as Gray’s independent registered public accounting firm for 2026 requires the affirmative vote of a majority of the votes cast in person or by proxy at the 2026 Annual Meeting. Abstentions and broker non-votes will not be counted as “votes cast” and, therefore, will have no effect on the outcome of this proposal.

With respect to any other matter that may properly come before the 2026 Annual Meeting for shareholder consideration, a matter generally will be approved by the affirmative vote of a majority of the votes cast in person or by proxy at the 2026 Annual Meeting unless the question is one upon which a different vote is required by express provision of the laws of Georgia, federal law, our Restated Articles of Incorporation (as amended, our “Articles”) or our Bylaws (our “Bylaws”), or, to the extent permitted by the laws of Georgia, the Board has expressly provided that some other vote shall be required, in which case such express provisions shall govern.

Board Recommendation

The Board recommends that you vote:

- “FOR” the election of the ten nominees to the Board to hold office until the 2027 Annual Meeting of Shareholders or until their successors are duly elected and qualified;
- “FOR” the approval, on a non-binding advisory basis, of the compensation of the Company’s named executive officers; and
- “FOR” the ratification of the appointment of RSM US LLP as our independent registered public accounting firm for the year ending December 31, 2026.

Unexecuted or Unclear Proxies

If you are a record holder and properly execute and return your proxy but do not indicate any voting instructions with respect to one or more matters to be voted upon at the 2026 Annual Meeting, or if your voting instructions are unclear, your shares will be voted in accordance with the recommendation of the Board as to all such matters.

In such event, your shares will be voted FOR the election of all director nominees, FOR the say-on-pay vote, and FOR the ratification of the appointment of RSM US LLP as the independent registered public accounting firm of the Company for the year ending December 31, 2026, as well as in the discretion of the persons named as proxies on all other matters that may properly come before the 2026 Annual Meeting.

**PROPOSAL 1
ELECTION OF DIRECTORS**

Nominees

The terms of office of all current directors will expire at the 2026 Annual Meeting. Pursuant to our Bylaws and resolutions of the Board, the size of the Board is currently set at ten directors. At the 2026 Annual Meeting, ten directors are to be elected to hold office until our next annual meeting of shareholders and until their successors have been duly elected and qualified. The director nominees are all current directors who have been nominated for election by the Nominating and Corporate Governance Committee.

In case any nominee listed in the table below should be unavailable for any reason, which we have no reason to anticipate, your proxy will be voted for any substitute nominee or nominees who may be selected by the Nominating and Corporate Governance Committee prior to or at the 2026 Annual Meeting. Alternatively, if no substitute is selected by the Nominating and Corporate Governance Committee prior to or at the 2026 Annual Meeting, the Board may determine to reduce the membership of the Board to the number of nominees available for election.

The Board recommends a vote FOR the election of the ten nominees to the Board to hold office until the 2027 Annual Meeting of Shareholders or until their successors are duly elected and qualified.

PROPOSAL 2

ADVISORY APPROVAL OF EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”) provides shareholders with the right to vote to approve, on a non-binding advisory basis, the compensation of the Company’s named executive officers as disclosed pursuant to the compensation disclosure rules of the SEC. This advisory vote is commonly referred to as the “say-on-pay” vote. At the Company’s 2023 Annual Meeting of Shareholders, the Company’s shareholders most recently took action with respect to an advisory vote on the frequency of say-on-pay votes. A plurality of votes cast on the advisory vote on the frequency of say-on-pay votes were for such vote to occur every three years, supporting the Board’s recommendation. Based upon that result, the Board determined that an advisory say-on-pay stockholder vote would continue to be held every three years until the next advisory vote on the frequency of future say-on-pay votes at the 2029 Annual Meeting of Shareholders.

The Company’s compensation policy with respect to its named executive officers is designed to attract, motivate and retain talented executive officers, and to align their interests with the long-term interests of the Company’s shareholders. The Company seeks to accomplish this with an appropriate mix of compensation elements and amounts. Please read the “EXECUTIVE COMPENSATION - Compensation Discussion and Analysis” section of this proxy statement for additional details about our executive compensation philosophy and programs, including information about the compensation of our named executive officers for 2025 as detailed in the tables and narrative in the “EXECUTIVE COMPENSATION” section of this proxy statement.

The say-on-pay vote gives shareholders the opportunity to indicate their views on the compensation of our named executive officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers disclosed and the compensation philosophy, policies, and practices described in this proxy statement. Accordingly, the Board recommends that shareholders approve the following advisory resolution:

“RESOLVED, that the shareholders of Gray Media, Inc. approve, on an advisory basis, the compensation of the Company’s named executive officers, as disclosed pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, compensation tables and accompanying footnotes and narratives disclosed in this proxy statement.”

Because this vote is advisory, it will not be binding on the Compensation Committee, the Board, or the Company. However, the Compensation Committee and the Board value the opinions of the Company’s shareholders, and the Compensation Committee will consider the outcome of the vote in its establishment and oversight of the compensation of the executive officers.

The Board of Directors recommends a vote FOR the approval, on a non-binding advisory basis, of the compensation of the Company’s named executive officers as disclosed in this proxy statement.

PROPOSAL 3

RATIFICATION OF THE APPOINTMENT OF THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2026

Gray's independent registered public accounting firm is appointed annually by the Audit Committee. The Audit Committee examines a number of factors when selecting a firm, including the qualifications, staffing considerations, and the independence and quality controls of the firms considered. The Audit Committee has appointed RSM US LLP as Gray's independent registered public accounting firm to audit our financial statements and our internal control over financial reporting for the year ending December 31, 2026. RSM US LLP has served as Gray's independent registered public accounting firm since 2006 and is considered by management to be well-qualified.

Shareholder ratification of the selection of RSM US LLP as our independent registered public accounting firm is not required but is being presented to our shareholders as a matter of good corporate practice. Notwithstanding shareholder ratification of the appointment of the independent registered public accounting firm, the Audit Committee, in its discretion, may direct the appointment of a new independent registered public accounting firm if the Audit Committee believes that such a change would be in the best interests of the Company and its shareholders. Should the shareholders not ratify the selection of RSM US LLP as Gray's independent registered public accounting firm for 2026 under this proposal, it is contemplated that the appointment of RSM US LLP for 2026 will nevertheless be permitted to stand unless the Audit Committee, upon reconsideration, finds other compelling reasons for making a change.

Representatives of RSM US LLP are expected to be present at the 2026 Annual Meeting and, if present, will be given the opportunity to make a statement, if they desire, and to respond to appropriate questions.

CORPORATE GOVERNANCE

General

We have adopted a Code of Ethics that applies to all of our directors, executive officers and employees. If any waiver of this Code of Ethics is granted to an executive officer, the waiver will be disclosed in a SEC filing on Form 8-K. Our Code of Ethics and the written charters of our Audit Committee, our Nominating and Corporate Governance Committee and our Compensation Committee, as well as our Corporate Governance Principles, are available on our website at www.graymedia.com in the *Investor Relations* section under the subheading *Governance Documents*. All such information is also available in print to any shareholder upon request by telephone at (404) 266-8333.

Determination of Independence

After considering all applicable regulatory requirements and assessing the materiality of each director's relationship with us, our Board has affirmatively determined that the following current directors are independent in accordance with Sections 303A.02(a) and (b) of the New York Stock Exchange (the "NYSE") listing standards and the standards set forth in the Internal Revenue Code of 1986 (the "IRC") and the Securities Exchange Act of 1934 (the "Exchange Act"): Messrs. Boger, Garcia, McTear, Hare, Newton and Spainhour and Ms. McClain. In making its independence determinations, the Board considered the following relationships between the Company and its directors, entities associated with directors, or members of their immediate families:

- Mr. Howell's status as an executive officer and his family relationships with Mrs. Howell and Mrs. Harriett Robinson, a director emeritus of the Company who is Mr. Howell's mother-in-law and Mrs. Howell's mother, and who, together with Mr. and Mrs. Howell, beneficially owns in excess of 48.5% of the outstanding combined voting power of common stock and Class A common stock;
- Mr. LaPlatney's status as an executive officer of the Company; and
- Mrs. Howell's family relationships with Mr. Howell and Mrs. Robinson.

As a result, our Board has determined that all of the current directors meet the requisite independence standards except: Messrs. Howell and LaPlatney, and Mrs. Howell.

Communication with the Board

Gray encourages interested parties to communicate with its Board. Any interested party who wishes to communicate with the Board or with any particular director, including any independent director, may send a letter to our Corporate Secretary, Gray Media, Inc., 4370 Peachtree Road, N.E., Atlanta, Georgia 30319, which communications will be forwarded to the Board by the Company's Corporate Secretary. Any communication should indicate that you are an interested party and clearly specify that such communication is intended to be made to the entire Board or to one or more particular directors.

Attendance at Annual Meetings

The Board does not have a formal policy with respect to attendance at annual meetings of shareholders, but the Board has historically held a regularly scheduled meeting in connection with each annual meeting of the shareholders, and all of our directors are expected to attend. All director nominees attended the 2025 Annual Meeting of Shareholders.

Board Leadership Structure

Consistent with our belief that our leadership structure should reflect the best interests of the Company and our shareholders, we have not adopted a written policy with regard to whether or not the positions of Chief Executive Officer and Chairman of the Board should be held by separate individuals. Rather, we believe that the Board should remain free to determine the Company's oversight and leadership structure from time to time based upon the availability of qualified and competent candidates. Beginning in April 2016, in light of, among other things, the Company's significant growth and related increase in operational complexity, the desire to ensure effective communication between management and the Board, to provide strong and consistent leadership through a unified voice for the Company, and to help ensure that the Chief Executive Officer understands and can effectively and efficiently oversee the implementation of the recommendations and decisions of the Board, the Board appointed Mr. Howell to the additional role of Chairman of the Board (and then as Executive Chairman in 2019), and appointed Mr. Newton, who is an independent director, to serve in the newly created role of Lead Independent Director of the Board. As Lead Independent Director, Mr. Newton, who also serves on each committee of the Board, among other things:

- presides over Board meetings in the absence of the Executive Chairman;
- presides over executive sessions of the independent directors;
- serves as a liaison between the independent directors and the Executive Chairman and Chief Executive Officer;
- coordinates with the Executive Chairman and Chief Executive Officer in developing and approving agendas, schedules, and materials for Board meetings; and
- is available for consultation with significant shareholders.

In accordance with Section 303A.03 of the NYSE listing standards, the independent non-management directors meet in executive sessions without management or non-independent directors present on a periodic basis. This occurred four times during 2025. Mr. Newton, as Lead Independent Director of the Board, presided over these meetings.

Related Party Transactions

With respect to potential transactions with related parties required to be disclosed pursuant to Item 404(a) of Regulation S-K, the Audit Committee charter provides that the Audit Committee must review and approve such transactions in advance after full disclosure of the nature and extent of the related party's interest in any such transaction. See "Certain Relationships and Related Party Transactions" for a description of such related party transactions since the beginning of 2025 or that are currently proposed.

Board Committees and Membership

The Board held seven meetings during 2025. During 2025, each of the directors attended at least 75% of the meetings of the Board and of all committees of the Board on which such director served.

Our Board has the following committees: the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee, and the Executive Committee.

Audit Committee. The purpose of the Audit Committee, which is set forth in its charter, is, among other things, to assist the Board in its oversight of the integrity of the Company's financial statements; the Company's compliance with legal and regulatory requirements; the independent auditor's qualifications and independence; and the performance of the Company's internal audit function and independent auditor. The Audit Committee held four meetings during 2025. The current members of the Audit Committee are Messrs. Boger, Hare and Newton (as Chairman). The Board has affirmatively determined that Mr. Hare is an "audit committee financial expert" as that term is defined under applicable SEC rules. The identification of Mr. Hare as an audit committee financial expert does not impose on him any duties, obligations or liabilities that are greater than the duties, obligations and liabilities imposed on the other members of the Audit Committee. The Board has determined that all members of the Audit Committee are independent in accordance with NYSE and SEC rules governing audit committee member independence. The report of the Audit Committee is set forth in this proxy statement under the heading "Report of Audit Committee."

Compensation Committee. The purpose of the Compensation Committee is to carry out the overall responsibility of the Board relating to executive officer compensation. In carrying out this purpose, the Compensation Committee has the responsibility, as set forth in its charter, to, among other things, establish and review the overall compensation philosophy of the Company; review and approve our goals and objectives relevant to the Chief Executive Officer's and other executive officers' compensation; and evaluate the performance of the Chief Executive Officer and other executive officers in light of established goals and objectives and, based on such evaluation, determine and approve compensation of the Chief Executive Officer and other executive officers. The Compensation Committee also administers the Company's various equity incentive plans. The Compensation Committee held three meetings in 2025. The current members of the Compensation Committee are Messrs. Boger (as Chairman), Garcia, McTear and Newton. The Board has affirmatively determined that all members of the Compensation Committee are independent, in accordance with NYSE, SEC and IRC rules governing independence. The report of the Compensation Committee is set forth in this proxy statement under the heading "Report of Compensation Committee."

Nominating and Corporate Governance Committee. The purpose of the Nominating and Corporate Governance Committee, as set forth in its charter, is to, among other things, assist the Board in fulfilling its responsibilities to shareholders by identifying individuals qualified to become directors of the Company, recommending candidates to the Board for all directorships, developing and recommending to the Board an applicable set of corporate governance principles, and overseeing the evaluation of the Board and management. In addition, pursuant to its charter, the Nominating and Corporate Governance Committee is empowered with formal oversight responsibilities of the Company's commitment to environmental, social and governance ("ESG") matters. The Nominating and Corporate Governance Committee held two meetings in 2025. The current members of the Nominating and Corporate Governance Committee are Messrs. Boger, Hare (as Chairman), Newton and Spainhour and Ms. McClain. The Board has determined that all members of the Nominating and Corporate Governance Committee are independent in accordance with NYSE and SEC rules governing nominating committee independence. In recommending candidates to the Board for nomination as directors, the Nominating and Corporate Governance Committee strives to identify individuals who bring a unique perspective to Gray's leadership and contribute to the overall diversity of our Board. Although the Nominating and Corporate Governance Committee has not adopted a specific written diversity policy, in practice, the Nominating and Corporate Governance Committee considers various characteristics and other qualities the Nominating and Corporate Governance Committee may consider appropriate, such as requisite judgment, skill, integrity and experience. The Nominating and Corporate Governance Committee does not assign a particular weight to these specific factors. Rather, the Nominating and Corporate Governance Committee looks for a mix of factors that, when considered along with the experience and credentials of the other candidates and existing directors, will provide shareholders with a diverse and experienced Board. Historically, the Nominating and Corporate Governance Committee has not determined a need to use a recruiting firm to assist with this process.

Executive Committee. The Executive Committee is authorized, subject to any legal or regulatory limits or as specified by the Board, to take such actions between meetings of the Board, as necessary to manage our business affairs, and to facilitate communication and coordination among the senior leadership of our Board. The current members of the Executive Committee are Messrs. Boger, Hare, Howell and Newton and Mrs. Howell.

Selection of Director Nominees

The Nominating and Corporate Governance Committee will consider recommendations for director nominees submitted by shareholders. The Nominating and Corporate Governance Committee's evaluation of candidates recommended by our shareholders does not differ materially from its evaluation of candidates recommended from other sources. Shareholders wishing to recommend director candidates for consideration by the Nominating and Corporate Governance Committee may do so by writing to our Corporate Secretary, giving the candidate's name, biographical data, qualifications and all other information that is required to be disclosed under the applicable rules and regulations of the SEC. The foregoing information should be forwarded to the Nominating and Corporate Governance Committee, c/o Corporate Secretary, Gray Media, Inc., 4370 Peachtree Road, N.E., Atlanta, Georgia 30319.

Risk Management

Management of the Company is responsible for the Company's day-to-day risk management, and the Board serves in an oversight role, including with respect to risk management. The Audit Committee assists the Board in fulfilling this risk management oversight function. The Audit Committee and management of the Company periodically review the Company's policies with respect to risk assessment and risk management, including major financial risk exposures and the internal controls and procedures in place to manage such risks, as well as the steps that management takes to monitor and control such exposures. In addition, the Audit Committee and the Board consider risk-related matters on an on-going basis in connection with deliberations regarding specific transactions and issues. The Compensation Committee provides oversight of the Company's risk management processes in the design, implementation and operation of the Company's incentive compensation policies, practices and plans for executive officers and other employees. The Company believes that the Board's leadership structure supports the risk oversight function of the Board. Experienced directors chair each of the various committees, there is open communication between management and members of the Board, and the Board is active in fulfilling its oversight role of risk management.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Named Executive Officers

The following discussion is focused primarily on the Company’s compensation philosophy, policies and programs as they relate to our “named executive officers” (or “NEOs”) for 2025, which consist of the following executive officers:

Name	Executive Officer Since	Age	Position
Hilton H. Howell, Jr.	2000	64	Executive Chairman and Chief Executive Officer
Donald P. LaPlatney	2019	66	President and Co-Chief Executive Officer
Jeffrey R. Gignac	2024	50	Executive Vice President, Chief Financial Officer
Kevin P. Latek	2012	55	Executive Vice President, Chief Legal and Development Officer, and Secretary
Sandra Breland McNamara	2023	63	Executive Vice President, Chief Operating Officer

Philosophy and Elements of Compensation Program

The goals of our executive compensation program are to attract, retain, motivate and reward our executive officers. We believe that the most appropriate executive compensation program is one that is competitive, yet conservatively designed, and that aligns long-term compensation with the creation of shareholder value and good corporate governance.

We have designed our executive compensation program to reflect the following best practices:

What We Do	What We Don’t Do
<ul style="list-style-type: none">● Provide pay opportunities that are appropriate to the size and scale of the Company;● disclose financial performance metrics and goals used in our incentive programs;● provide only limited perquisites;● maintain meaningful executive stock ownership and retention guidelines;● annually review the risk profile of compensation programs and maintain risk mitigators;● provide moderate change-in-control protection;● require double-trigger change-in-control vesting on long-term equity awards;● maintain a NYSE-compliant clawback policy providing for recovery of certain erroneously awarded incentive-based compensation in connection with a financial restatement;● retain an independent compensation consultant engaged by, and who reports directly to, the Compensation Committee; and● align pay with performance, as a majority of compensation is performance-based.	<ul style="list-style-type: none">● Pay dividends or dividend equivalents on unearned equity awards until such awards actually vest;● allow repricing or backdating of stock options without shareholder approval;● provide excise tax gross-ups;● allow executive officers to hedge Company stock;● provide special supplemental executive retirement programs; or● provide tax gross-ups on perquisites.

The overall compensation program for our executive officers is designed to provide the Compensation Committee with the flexibility to offer a combination of cash (both fixed and incentive-based) and equity-based compensation opportunities in order to retain, motivate and reward our executive officers, as well as to align their interests with those of our shareholders. To accomplish these goals, the Compensation Committee strives to achieve an appropriate level of compensation in order to:

- Motivate our executive officers to deliver superior performance in the short term by providing competitive base salary increases, and annual incentive opportunities based upon satisfying specific achievements;
- align the interests of our executive officers with the long-term interests of our shareholders through the grant of equity-based compensation that offers market-competitive, long-term compensation opportunities, with the potential for enhanced compensation in extraordinary circumstances;
- provide upside and downside risk aligned with other shareholders through meaningful stock ownership by our executive officers; and
- provide an overall compensation package that promotes retention of our executives and is reasonably aligned with comparative market positions.

The primary components of our executive compensation and benefit programs are summarized in the following table:

	Program Element	Purpose/Objective
Fixed	Base Salary	<ul style="list-style-type: none"> ● Provide a base level of compensation that is competitive in relation to the responsibilities of each executive’s position in order to attract and retain the talent needed to successfully manage our business and execute our strategies, and reward individual performance.
At Risk	Annual Non-Equity Incentive Opportunity	<ul style="list-style-type: none"> ● Promote the achievement of the Company’s annual strategic, operational and financial goals;
	Long-Term Equity Incentive Opportunity	<ul style="list-style-type: none"> ● align the interests of executives with those of our shareholders; ● motivate and reward executives based upon our success in delivering superior value to our shareholders; and ● retain the executive talent necessary to successfully manage our business and execute our strategies.
Benefits	Retirement Programs and Perquisites	<ul style="list-style-type: none"> ● Reward employees through retirement savings opportunities and provide a competitive level of benefits consistent with market practices; ● provide limited additional benefits consistent with competitive practices; ● increase efficiencies and allow more productive use of NEOs’ time and therefore greater focus on company-related activities; and
	Post-Termination Compensation and Benefits	<ul style="list-style-type: none"> ● attract and retain high-quality executives by providing a reasonable level of financial stability in the event of involuntary termination.

Overview of 2025 Performance and Compensation

During 2025, despite the continued challenging macroeconomic environment for broadcasters, our Company continued to perform well, made significant progress financially as well as operationally, and further strengthened our balance sheet while continuing to return capital to our shareholders through quarterly dividends. The Company completed significant capital markets activity in 2025, including upsizing and extending our revolving credit facility to \$750 million and issuing new senior secured first- and second-lien notes to proactively refinance near-term obligations while also extending the duration of our debt portfolio. As a result, our next material maturities will not occur until December 2028, following both the 2026 and 2028 political cycles. We pursued and achieved key operational and strategic objectives for the year, including reducing broadcasting expenses by approximately 3% year-over-year, renewing our ABC, CBS, FOX, and NBC network affiliation agreements across virtually all of our markets, expanding as well as launching new content initiatives, and announced a number of strategic and deleveraging acquisitions expected to close in the first half of 2026, following customary closing conditions and regulatory approvals.

The Compensation Committee's philosophy and decisions during 2025 continued to be driven by the objectives of motivating our executive officers and recognizing them for their unwavering efforts and leadership. The Committee recognized the positive long-term developments that the Company and its executives were able to achieve during the year.

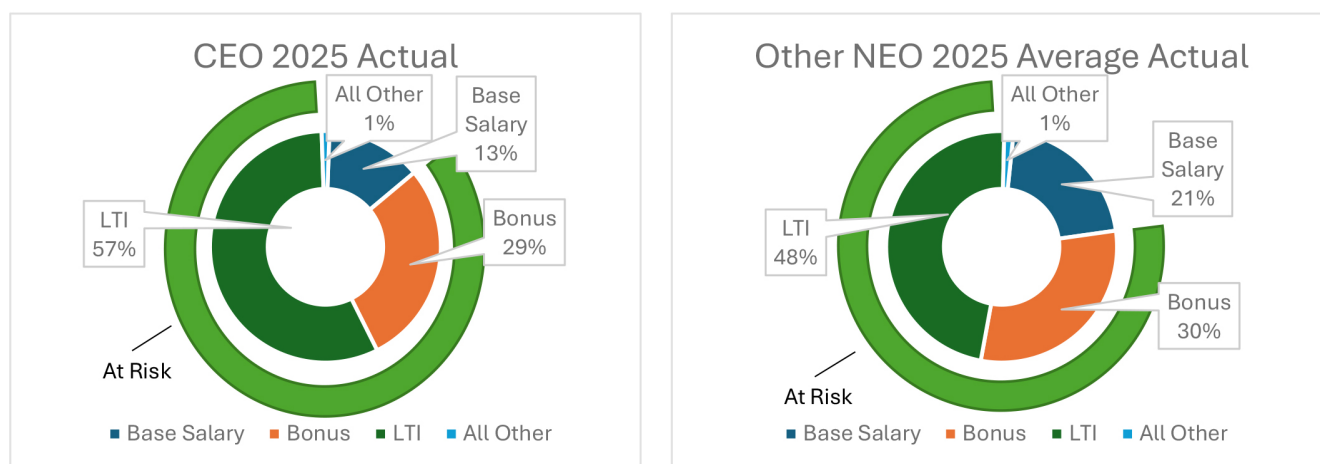

Consistent with the approach in prior years, actual compensation paid in and for 2025 was intended to reward a number of significant achievements, particularly in light of the Company's overall, and each individual officer's, performance in successfully executing on our operational and strategic objectives, and positioning the Company for long-term success. The Company's performance in 2025 resulted from not only the extraordinary strategic leadership of senior management, but also their operational successes, all of which continued to contribute to building long-term value for the Company's shareholders, including, but not limited, to the following:

- Positioning the Company to capitalize on the upcoming 2026 political cycle across our leading local news footprint;
- continuing to rank first among television broadcast affiliate groups in portfolio quality based upon station rankings in their respective markets;
- continuing cost containment measures that lowered our full-year broadcasting expenses by approximately 3% year-over-year, our network affiliation fees approximately 5% year-over-year, and reduced our operating expense run-rate;
- renewing our network affiliation agreements on mutually acceptable terms across virtually all of our markets, reinforcing the strength and stability of our network relationships;
- continuing success in developing and implementing our strategic programming initiatives, including enhancing Local News Live with new weekday and weekend programming and expanding digital and streaming offerings, with extensive on-the-ground coverage of breaking news, severe weather and community events, including by expanding the reach of InvestigateTV+ reaching more than 70% of U.S. markets daily;
- maintaining a strong focus on excellence in journalism, reflected in industry-leading recognition across national and regional journalism awards, including honors from the Radio Television Digital News Association, the Society of Professional Journalists and the duPont-Columbia Awards;
- continuing to execute on our historic sports initiatives by expanding professional and collegiate sports programming across our markets, which further differentiates our local content offering and strengthens audience engagement;

- strategically managing our debt by proactively refinancing and extending maturities, including upsizing and extending our revolving credit facility to \$750 million and issuing new senior secured first- and second-lien notes, resulting in no material debt maturities prior to 2028 and enhancing our overall liquidity and financial flexibility;
- further strengthening our operational efficiency and overall balance sheet through disciplined financial management, enhanced liquidity, and actions that extended the duration of our liabilities and improved our capital structure;
- pursuing a number of strategic and deleveraging television station transactions and executing several of those opportunities that we now expect to close in the first half of 2026, subject to customary closing conditions and regulatory approvals.

As a result of these and other accomplishments by management throughout 2025, the annual non-equity incentive compensation program paid out at 143% of target for each of the NEOs, in recognition of both overall strong financial and operational performance of the Company as well as the individual contributions of each of the executive officers during the year.

A majority of target total direct compensation (base salary, non-equity incentive compensation paid and targeted long-term incentive awards granted) in 2025 is considered At Risk, meaning that the compensation either is subject to stock price volatility or would only be earned by the Company or the individual meeting specified performance goals. The composition of the Fixed and At Risk pay in 2025 for the NEOs who are still executive officers was as follows:

Compensation Framework: How We Make Decisions

Role of the Compensation Committee

The Compensation Committee of the Board maintains responsibility for establishing, reviewing and implementing our overall executive compensation philosophy. The Compensation Committee also administers our executive compensation programs through the development, evaluation and implementation of compensation plans, policies and arrangements for our executive officers; the approval of the compensation of each of our Named Executive Officers; and by the administration of our equity and non-equity incentive plans. The Compensation Committee consists of four members of our Board: Messrs. Boger (as Chairman), Garcia, McTear and Newton. The Board has affirmatively determined that all members of the Compensation Committee are independent in accordance with applicable NYSE, SEC and IRC rules governing independence.

Role of the Independent Compensation Consultant

In evaluating, developing and implementing a compensation framework, policies and awards, the Compensation Committee works closely with an independent compensation consultant. The Compensation Committee directly hires, and has sole authority to terminate, the compensation consultant and to determine the terms and conditions of their engagement. The compensation consultant reports directly to the Compensation Committee.

For 2025, the Compensation Committee continued its engagement of Meridian Compensation Partners, LLC (“Meridian”), a leading compensation consulting firm, as its compensation consultant to advise the Compensation Committee in connection with the development and ongoing implementation of Gray’s compensation philosophy, policies and practices, including through:

- Striving to ensure the market-competitiveness of compensation for each executive based on his or her role, as compared to market data for similar roles within the Company’s peer group, including an annual review, and updates where appropriate to that peer group, described below;
- establishing goals under the Company’s annual non-equity incentive compensation program based on achievement of defined quantitative financial metrics, as well as qualitative goals and objectives established in the first quarter of the fiscal year;
- evaluating developments at the Company, in the television broadcast industry and the macro-economy to help ensure the Company’s incentive compensation program operates effectively and provides appropriate compensation and retention incentives to the executives; and
- applying appropriately updated methodologies and market data in making incentive compensation decisions, all as described below.

The Compensation Committee takes steps to monitor and maintain the independence of its compensation consultant, and as part of that process annually reviews the role and responsibilities of the compensation consultant and considers the independence factors established by the SEC related to conflicts of interest. As a result of the policies and procedures in place with respect to its compensation consultant, the Compensation Committee believes that Meridian is able to provide candid, direct and objective advice to the Compensation Committee that is not influenced by management. Meridian does not have a relationship with, nor in 2025 did it provide any services to, the Company or the Compensation Committee other than in connection with the engagement as described above. As a result, the Compensation Committee believes that Meridian is fully independent for purposes of serving as the Compensation Committee’s compensation consultant and its work does not raise any concerns regarding conflicts of interest.

Role of Executive Officers

At the request of the Compensation Committee, Mr. Howell, the Company’s Executive Chairman and Chief Executive Officer, often participates in meetings of the Compensation Committee to provide input and answer questions related to management, business objectives and the performance of Gray and its executive officers. Mr. Howell presents individual pay recommendations for each of the NEOs, other than himself, and provides updates to the Compensation Committee on individual and Company performance as it relates to incentive plan progress. Neither Mr. Howell nor any other employee of the Company is present when the Compensation Committee meets in executive session to make executive officer compensation decisions.

Mr. Latek and Mr. Gignac may also participate in Compensation Committee meetings at the request of the Compensation Committee from time to time to provide input and recommendations for consideration of elements of program design and factors to be considered in establishing incentive compensation objectives.

Say-On-Pay Vote

Since the adoption of the Dodd-Frank Act, Gray's shareholders have been given the right to vote to approve, on an advisory, non-binding basis, the compensation of Gray's NEOs at specified intervals. At Gray's 2023 annual shareholders meeting, a plurality of the shareholders voted that the Company should conduct such advisory vote every three years. At Gray's 2023 annual shareholders meeting, approximately 85% of the votes cast on our advisory say-on-pay proposal were voted to approve the compensation paid to our NEOs. As a result of the significant level of approval, we continued to apply similar principles to our executive compensation decisions for fiscal years 2023, 2024, and 2025. Gray's shareholders have the opportunity to consider and vote to approve, on a non-binding advisory basis, the compensation of Gray's NEOs at this year's Annual Meeting of Shareholders. The next opportunity is expected to be at Gray's 2029 annual shareholders meeting.

Compensation Review Processes and Findings

Since 2017, the Compensation Committee has engaged Meridian to assist in evaluating our executive compensation program structure and governance processes, and continually reviews the goals, elements and operation of our compensation programs, and takes into account say-on-pay voting results.

From time to time, members of the Compensation Committee as well as executive officers of the Company engage in dialogue or obtain feedback from key shareholders regarding matters related to our compensation program. In light of our shareholder engagement efforts over the last several years, we have taken significant steps to continually enhance our executive compensation and governance practices, as illustrated below:

What We Have Heard	How We Have Responded
Concerns over discretionary bonus payouts	<ul style="list-style-type: none">● Reviewed annual non-equity incentive program design relative to peers to better understand the competitive landscape;● redesigned annual non-equity incentive program to include qualitative factors in the program in lieu of prior periodic awards outside of the program formula on a discretionary basis; and● added an individual performance multiplier (beginning in 2018) to enable differentiation based on individual contributions.
Enhance transparency in proxy disclosure related to annual incentive program performance	<ul style="list-style-type: none">● Continually enhance our Compensation Discussion and Analysis disclosure to help readers better understand the compensation program features, rationale for metric selection, impact of prospective changes made and how overall business strategy ties to pay results.
Importance of performance-vesting criteria on long-term incentive grants	<ul style="list-style-type: none">● Added performance vesting criteria to the long-term incentive award for our CEO in 2018, for our Co-CEO when he joined the Company in 2019, and for the other NEO positions beginning in 2022.
Risk mitigators	<ul style="list-style-type: none">● Adopted stock ownership guidelines for executive officers and directors (in 2018) to promote stock ownership and help ensure alignment with shareholders;● adopted a clawback policy (in 2018) for bonus or incentive payments in the event that a restatement adversely impacts performance metrics or targets used to determine payouts of incentive awards, in order to mitigate compensation-related risks;● adopted an additional clawback policy (in 2023) that complies with the NYSE requirements, and provides for recovery of erroneously incentive-based compensation in connection with a financial restatement;

- adopted an anti-hedging policy (in 2018) that prohibits directors and executive officers from engaging in derivative or hedging transactions involving the Company's securities; and
- moved from single trigger to double trigger change-in-control vesting restrictions (in 2018) for equity awards to motivate the executives to maximize any transaction value for the longer term.

Other governance items of interest

- Implemented a change-in-control severance plan (which excludes excise tax gross-ups) given industry consolidation and a desire to maintain continuity of executive team in the event of such a transaction;
 - annually evaluate, and revise when appropriate, compensation peer group to include companies that more closely align to the broadcasting industry; and
 - memorialized the Company's insider trading policy to maintain and foster compliance by the Company and its subsidiaries, as well as the Company's directors, officers and employees, with the federal securities laws applicable to their transactions with the Company's securities.
-

These ongoing efforts by the Compensation Committee have resulted in refinements to the compensation programs in an effort to:

- Increase transparency through enhanced disclosure;
- limit discretionary payouts, particularly when performance thresholds are not achieved;
- increase individual accountability;
- more closely align to market practice, both in quantum and in plan design;
- focus on the achievement of specific quantitative and qualitative performance objectives;
- mitigate excessive risk taking; and
- promote equity ownership.

We value our shareholders' input, and our goal is to continue to enjoy strong shareholder support for our compensation programs by designing our compensation programs to support our overall compensation philosophy and to align with the creation of shareholder value. The Compensation Committee is committed to continuing to seek investor feedback on executive compensation issues and to design and implement compensation programs that not only serve to attract, incent and retain our key executive officers but also serve the long-term interests of our shareholders.

Determining Competitive Practices

The Compensation Committee, with the assistance of Meridian, has identified, and evaluates the compensation policies and practices of, a peer group for purposes of determining appropriate compensation structure, types and amounts for our executive officers. Specifically, for 2025, the Compensation Committee used the peer group for relevant executive compensation comparisons such as market valuations of similar positions, and referenced certain compensation amounts and opportunities for each executive officer to market data for executives performing similar roles at peer group companies.

As part of the Compensation Committee's periodic review and analysis of the peer group it evaluates, in late 2024 the Compensation Committee, with the assistance of its compensation consultant and executive officers, evaluated the existing peer group and concluded that there had not been any significant changes to the Company, or to the peer group, that would necessitate a change in the peer group for 2025. As a result, the following compensation peer group, which had also been used for 2024, was considered in developing comparative market data for each of the executive officers for 2025 compensation decisions:

AMC Networks Inc.	iHeartMedia, Inc.	SiriusXM Holdings Inc.
The E.W. Scripps Company	The New York Times Company	News Corporation
Fox Corporation	Nexstar Media Group, Inc.	Lionsgate Studios Corp.
USA Today Co., Inc.	Sinclair, Inc.	
IAC Inc.	TEGNA, Inc.	

The Compensation Committee believes that the use of peer group market data for determining executive compensation is appropriate and provides relevant data to help the Compensation Committee execute on its compensation philosophy.

Process for Establishing Executive Officer Total Compensation

Peer group data is one of many inputs used by the Compensation Committee when establishing pay levels for the Company's NEOs. In establishing NEO compensation levels for 2025, the Compensation Committee, with input from the Company's Executive Chairman and Chief Executive Officer (with respect to the other executive officers) and its independent compensation consultant, considered and evaluated historical and expected executive performance, peer group compensation metrics, internal pay equity considerations and a competitive market study prepared by the compensation consultant.

Compensation Decisions Made for 2025

Base Salary

The base salary element of our executive compensation program provides each NEO with a fixed amount of annual cash compensation, intended to ensure an appropriate amount of financial certainty. Salaries for the NEOs are generally subject to annual review and adjustment by the Compensation Committee based on the size and complexity of the Company and its operations, the scope of each individual executive's role, the knowledge and experience of the individual executive, the competitiveness of the executive's total compensation as compared to the peer group, the performance of the individual executive and other factors.

Consistent with its practice of making initial compensation decisions for a fiscal year in the first quarter of each year, the Compensation Committee approved the base salaries for our NEOs for 2025 at meetings held in February 2025. In early 2025, Mr. Howell had informed the Compensation Committee that, in light of the macroeconomic challenges facing the broadcast television industry, each of the NEOs had requested that their base salary not be increased for 2025 over the levels for 2024. Accordingly, the Compensation Committee determined not to increase the base salaries for any of our NEOs for 2025, and approved the following base salaries for our NEOs:

<u>Name</u>	<u>2024 Base Salary Rate (\$)</u>	<u>2025 Base Salary Rate (\$)</u>	<u>% Increase</u>
Hilton H. Howell, Jr.	1,531,000	1,531,000	-
Donald P. LaPlatney	1,304,000	1,304,000	-
Jeffrey R. Gignac	850,000	850,000	-
Kevin P. Latek	936,000	936,000	-
Sandra Breland McNamara	814,000	814,000	-

The Compensation Committee’s practice is to continue to monitor the named executive officers’ base salaries, and make adjustments from time to time as appropriate.

Annual Non-Equity Incentive Compensation Program

The objective of our annual non-equity incentive compensation program is to focus executive officers on attaining specific short-term financial and operational goals that contribute to the long-term success of our business. The annual non-equity incentive compensation program is designed to reward achievement for both Company performance as well as individual performance, when warranted.

In 2025, the overall program design was similar to 2024, with 60% of the target opportunity earned based on performance against select quantitative financial metrics and 40% earned based on performance against qualitative goals that focus on operational and strategic metrics. Goals are typically determined at the Compensation Committee’s regularly scheduled meeting in the first quarter of each year after a review of financial and other performance data from the prior year and certain internally forecasted financial information. The quantitative metrics are designed to provide focus and certainty for management in striving to achieve pre-established financial goals that will lead to overall company success. Qualitative performance metrics will generally be chosen from those the Compensation Committee deems appropriate to motivate the Company’s executive officers towards the achievement of performance-based objectives that are in the Company’s long-term best interests. The program is designed with the ability to modify the payout of the award +/- 25% based upon individual performance, if warranted, but not to exceed the overall maximum payout amount of 200% of target.

Quantitative Performance Metrics (60% weight)

For 2025, the Compensation Committee again selected the following three quantitative metrics against which to measure performance - which are considered by management to be critical factors in driving revenue and profitability for the Company:

<p>Revenue (Net of Acquired Stations and Political) (weighted 15%)</p>	<ul style="list-style-type: none"> • Calculated as total revenue net of agency commissions, and excluding revenue from any stations acquired in the current year and political advertising revenue.
<p>Revenue from Acquired Stations and Political (weighted 15%)</p>	<ul style="list-style-type: none"> • Defined as total revenues (net of agency commissions) from any stations acquired in the current year and political advertising revenue.
<p>Broadcast Cash Flow (Net of Completed Transactions and Political Revenue) (weighted 30%)</p>	<ul style="list-style-type: none"> • Defined as net income plus loss on early extinguishment of debt, non-cash corporate and administrative expenses, non-cash stock-based compensation, depreciation and amortization (including amortization of intangible assets and program broadcast rights), any loss on disposal of assets, any miscellaneous expense, interest expense, any income tax expense, non-cash 401(k) expense, less any gain on disposal of assets, any miscellaneous income, any income tax benefits and payments for program broadcast rights.

For each performance metric, the target performance goal under the Company’s annual non-equity incentive compensation program is aligned with the Company’s internal business plan and annual budget (except that for any acquired stations, 80% of the budgeted revenue for any such acquired stations would be established as the target), all as approved by the Compensation Committee. Threshold goals were generally established at 80% of the applicable target so that a minimum level of performance was required to be achieved before any incentive payment would be awarded, with a significant reduction to the incentive eligible to be earned if results were below target. Maximum award levels were established at achievement of 110% of target levels, as the Compensation Committee believed this represented an appropriate amount of stretch for the goals.

The Compensation Committee sets the threshold, target and maximum criteria at the start of each fiscal year to help ensure that an appropriate degree of difficulty is incorporated into the goals. In addition, and in order to minimize the potential for changes in goals throughout the year, performance for determining award eligibility is evaluated excluding the results of any divested operations.

The following goals were established in February 2025 for the 2025 year:

Financial Performance Metrics	Threshold (\$) (50% Payout)	Target (\$) (100% Payout)	Maximum (\$) (200% Payout)
		(in thousands)	
Revenues (net of political advertising and acquired stations)	2,597,524	3,246,905	3,571,596
Revenues (political advertising and acquired stations)	9,761	12,201	13,421
Broadcast cash flow (net of political advertising revenue and completed acquisitions)	669,020	836,275	919,903

Actual performance levels between threshold and target, or between target and maximum, are linearly interpolated to determine actual incentive awards. For purposes of calculating amounts payable under the annual non-equity incentive compensation program, actual Company performance compared to goal performance for each of the metrics was independently determined and calculated. Broadcast advertising revenue is typically higher in even-numbered years due to extensive advertising spending by political candidates, political parties and special interest groups during the “on year” of the two-year election cycle. The target goal level for revenues (political advertising and acquired stations) for 2025 was set significantly lower than the corresponding goal under our 2024 non-equity incentive compensation program, because 2025 was an “off year” for the two-year election cycle.

Qualitative Performance Metrics (40% weight)

As described above, the Compensation Committee believes that in light of, among other things, management’s efforts in developing and executing on operational and strategic objectives, including the successful continued growth of the Company through acquisitions, the increasing scope and complexity of the Company’s operations, and the range of contributions the executive officers make to enhancing the Company’s business operations and long-term value for shareholders, it is appropriate to include certain non-quantitative Company performance metrics (collectively the “qualitative metrics”) for purposes of determining performance under the annual non-equity incentive compensation program. Specifically, the qualitative metrics approved for measurement purposes in 2025, as in 2024 and 2023, were weighted at 40% of the total award opportunity and were comprised of a mix of factors that the Compensation Committee identified as important measures of success in achieving the Company’s long-term goals.

The qualitative metrics established by the Compensation Committee for 2025 consisted of the following five measures of the Company’s performance:

- Effective balance sheet and capital structure management, prudent decision-making regarding debt structure and accessing capital markets and reduction of total debt level;
- effective development of revenue opportunities and management of operating costs and capital expenses;
- development and implementation of strategic programming initiatives that lessen reliance on the major broadcast networks;
- development and implementation of strategies to unlock value of studio, production and other non-station investments; and
- other significant activities that position the company for long-term stability and/or growth.

In considering and evaluating satisfaction of the qualitative factors, the Compensation Committee may also consider various factors that require significant effort of the management team but are not necessarily encompassed in the above list, such as quality of viewing, significant debt refinancing, equity raises, completion and successful integration of large scale acquisitions, stock price performance, short- and/or long-term growth in market capitalization, and other significant activities that position the Company for long-term stability and/or growth. Based on the Compensation Committee's evaluation, payouts with respect to the qualitative metrics can range from 0% to 200% of the target opportunity.

Annual Award Opportunities

Annual non-equity incentive compensation program payout opportunity levels are established to provide each NEO with a market-competitive incentive opportunity linked to achievement of the pre-determined financial goals, qualitative metrics and individual performance. Consistent with the Company's overall compensation philosophy, annual non-equity incentive compensation program award opportunity levels (as a percentage of base salary) approved by the Compensation Committee for the NEOs for 2025 were as follows:

	Annual Incentive Opportunity (% of Base Salary)		
	Threshold	Target	Maximum
Hilton H. Howell, Jr.	75%	150%	300%
Donald P. LaPlatney	50%	100%	200%
Kevin P. Latek	50%	100%	200%
Jeffrey R. Gignac	50%	100%	200%
Sandra Breland McNamara	50%	100%	200%

At the Compensation Committee's regularly scheduled meeting in the first quarter of 2026, the achievement of financial goals for 2025 were certified, with resulting payouts approved following the Compensation Committee's review of the Company's financial results for the prior fiscal year. The Committee also reviewed certain publicly available information, data available from third parties, and internal proprietary data to assess the Company's performance with respect to the qualitative metrics. Following careful consideration of all the information, the Committee concluded that on an overall basis the Company surpassed the goals of the 2025 qualitative metrics by satisfying essentially all of the identified metrics, despite the challenges facing the Company during 2025.

After assessing each qualitative objective, as well as reviewing additional factors that were deemed appropriate, including the performance achievements outlined above in "Overview of 2025 Performance and Compensation," the Compensation Committee determined that qualitative metric portions of the annual incentive compensation would be scored at 200% of target payout for that component. Total quantitative and qualitative metric amounts for the annual incentive compensation to each NEO were awarded as follows:

Financial Performance Metric	% Weight	Target (in thousands) (\$)	Final Results (in thousands) (\$)	% of Target Performance	% of Target Payout
Revenues (net of political + acquired stations)	15%	3,246,905	3,053,256	94%	85%
Revenues (political + acquired stations)	15%	12,201	41,573	341%	200%
Broadcast cash flow	30%	836,275	725,452	87%	67%
Qualitative metrics	40%		Scored Above Target		200%
Total payout (as % of target)					143%

Based upon the foregoing performance metrics, the annual short-term incentive opportunity award for 2025 paid out at 143% of target.

The Compensation Committee did not exercise discretion outside of the terms of the incentive plan to further adjust payouts based on individual performance for 2025. Individual incentive payouts are reported in the 2025 Summary Compensation Table found on page 30.

Long-Term Incentive Awards

The decision to grant, and the amounts of, long-term incentive awards, on an annual basis or otherwise, is generally a discretionary process. In undertaking this decision-making process, the Compensation Committee considers a number of factors, including, but not limited to the following:

- The amount and value of recent long-term incentive awards;
- recent historical Company performance, determined by reference to stock price or other appropriate financial metric;
- expected short and longer-term Company performance in light of internal budgets or forecasts; and
- the overall competitiveness of current compensation levels when considered against an appropriate peer group.

In the event long-term incentive awards are granted, it has been the historical practice that award levels are also established at the Compensation Committee's discretion, as opposed to being made with a formulaic approach such as is used to provide annual non-equity incentive compensation opportunities.

In order to be able to provide awards intended to further align the interests of our executive officers, and other key employees, with the interests of our shareholders through stock price appreciation, we operate our shareholder-approved Gray Media, Inc. 2022 Equity and Incentive Compensation Plan, as most recently amended and restated in 2025 (the "2022 EICP"). The 2022 EICP allows for the grant of various types of equity awards, including performance shares, restricted shares and stock options. If stock options are granted, it is our practice to grant options with an exercise price equal to the closing price of the underlying class of our stock on the date of grant.

Since 2018, the structure of the long-term incentive awards granted to our Executive Chairman and Chief Executive Officer—and since 2019 to the President and Co-Chief Executive Officer and 2022 for our other participating NEOs—had been 50% of the equity award in the form of shares of time-based restricted stock that vest in increments over three years, and 50% of the equity award in the form of shares of performance-based restricted stock that vest based on the satisfaction of performance criteria over the three-year period. However, in February 2025 prior to our shareholders approving the amendment and restatement of the 2022 EICP at our 2025 Annual Meeting of Shareholders, due to limited share availability under our 2022 EICP, the performance-based awards for the President and Co-Chief Executive Officer and the other NEOs (other than the Executive Chairman and Chief Executive Officer) were cash-denominated rather than equity-denominated. Accordingly, 50% of the long-term incentive award granted to the NEOs other than Mr. Howell in February 2025 was in the form of shares of time-based restricted stock that vest in increments over three years, and 50% was in the form of cash performance units ("CPUs") that vest based on the satisfaction of performance criteria over the three-year period and will be settled in cash to the extent earned. Mr. Howell's awards continued to be denominated and settled in Class A common stock.

The performance-based portion of the awards is based on the annual non-equity incentive program targets in each of the three years following the grant of the award. We believe that the importance of driving revenue and profitability for the Company as well as our other strategic objectives justifies the structure of both programs. Further, the use of the metrics in our long-term incentive program is designed to incentivize our executive officers to maintain a long-term focus while addressing the challenges of long-term goal setting in the uncertain environment in the broadcast industry and responding to the rapidly evolving landscape of the industry.

2025 Long-Term Incentive Award Opportunities

In accordance with the factors and considerations described above, in 2025, the structure of the long-term incentive awards granted to each of our NEOs were as follows:

- 50% in time-based restricted shares of Class A common stock for Mr. Howell, and time-based restricted shares of common stock for each of Messrs. LaPlatney, Gignac and Latek and Ms. Breland, all of which will vest ratably in one-third increments based on each officer's respective continued employment on each of February 28, 2026, February 28, 2027, and February 29, 2028; and
- 50% in performance-based restricted shares of Class A common stock for Mr. Howell, and 50% CPUs for each of Messrs. LaPlatney, Gignac and Latek and Ms. Breland, which, in each case, can be earned in a range of 0% to 200% of the award, at the end of the three year period following the grant date, based upon the average percent of target payout earned based on Company performance under the annual non-equity incentive program in 2025, 2026 and 2027 as determined at the end of the three-year period once satisfaction of the performance objective has been certified by the Compensation Committee. In the event that the threshold performance criteria are not satisfied, then the performance-based awards would be forfeited.

After taking into account recent historical Company performance, recent years' equity incentive awards and the overall value of the NEOs' respective target compensation levels, in February 2025 the Compensation Committee approved, long-term equity incentive ("LTI") awards with the following values (as a percent of base salary):

Name	LTI % of Base Salary
Hilton H. Howell, Jr.	425%
Donald P. LaPlatney	225%
Jeffrey R. Gignac	225%
Kevin P. Latek	225%
Sandra Breland McNamara	225%

See "Grants of Plan-Based Awards in 2025" for additional information, including the amounts and grant date fair values of awards.

Payouts of 2023 Long-Term Incentive Grants

In February 2026, the Compensation Committee certified the extent to which the performance criteria with respect to the performance-based long-term restricted stock awards that had been granted to each of the NEOs (other than Mr. Gignac, who was not with the Company when the 2023 awards were granted) in February 2023 had been achieved, and that they each had earned a percentage of those shares, all of which vested in accordance with their terms. The number of performance shares actually earned was based on the performance of Gray Media over the three-year performance period ending on December 31, 2025. Consequently, the Compensation Committee approved a total payout to Mr. Howell of 481,837 shares, Mr. LaPlatney of 197,959 shares, Ms. Breland of 73,242 shares and Mr. Latek of 142,013 shares, each representing 135% of the target amount of the performance-based stock awards) based on the three-year average target payout achieved under the annual non-equity incentive compensation program, in each case as discussed in this proxy statement or in our prior two proxy statements (142% for 2023, 120% for 2024 and 143% for 2025). In each of 2023 and 2024, the overall design of the non-equity incentive compensation program was similar to 2025, with 60% of the target opportunity earned based on performance against select quantitative financial metrics and 40% earned based on performance against qualitative goals that focus on operational and strategic metrics. The full amount of the shares received under the 2023 long-term incentive awards were settled in shares of Class A common stock for Mr. Howell and in shares of common stock for each of the other NEOs who received shares.

Other Special Make-Whole Awards

As previously disclosed, in connection with Mr. Gignac joining the Company in April 2024 and as part of his initial compensation package, the Compensation Committee granted Mr. Gignac a make-whole award intended to compensate him for his forfeiture of equity awards issued by his prior employer representing previously-earned deferred compensation otherwise payable by such former employer, but which Mr. Gignac would have forfeited upon leaving that employer. The make-whole award consisted of (i) a cash payment of \$750,000, payable in three annual installments, commencing on the first anniversary of his joining the Company provided that he remains continuously employed through each such date and (ii) a grant of restricted shares of the Company's common stock issued in April 2024 with a targeted value of \$1,500,000, which award generally vests in three installments over the first three anniversaries of his start date. Both the cash and the stock portion of the make-whole award generally vest at the rate of 50% on the first anniversary of his start of employment, and 25% on each of the second and third anniversaries thereof. The value of the award was less than the approximate value of the equity awards forfeited by Mr. Gignac. The first tranche of each of the cash and restricted share portions of the award vested during 2025.

Retirement Plans and Other Benefits

Savings Plan

Our NEOs, and all of our other employees, are eligible to participate in the Gray Media 401(k) Savings Plan (which was the "Gray Television, Inc., Capital Accumulation 401(k) Plan" prior to January 1, 2025) (the "Savings Plan"). Under the Savings Plan employees are eligible to defer a part of their current income under the provisions of Section 401(k) of the IRC. Participants may elect to make pre-tax deferrals, Roth contributions, and after-tax contributions, from their compensation each year, subject to annual limits imposed by the IRC. We make a safe harbor matching contribution with respect to a participant's elective and Roth deferrals and may also, at our discretion, on an annual basis, make additional voluntary contributions based on annual Company performance. Discretionary profit sharing contributions, if made, are made to all qualified employees employed on the last day of the prior plan year, and the amount a qualified employee receives is based on their pay and years of service. In 2025, we made matching contributions sufficient for the Savings Plan to meet the safe harbor requirements for automatic contribution arrangements under Code Section 401(k)(13)(D)(i)(I) and therefore matched employee contributions at a rate of 100% of the first 1% of each employee's salary deferral, and 50% of the next 5% of each employee's salary deferral. In addition, in 2023, we approved discretionary profit sharing contributions of approximately \$10 million in the aggregate, which were contributed to the Savings Plan in 2024. Participants are immediately vested in their own contributions. For 2024, matching contributions became 100% vested after a participant completes two years of service, in compliance with the safe harbor requirements under Code Section 401(k)(13)(D)(iii). The Company's discretionary profit sharing contributions made during 2024 become 100% vested after a participant completes three years of service. The vested portion of a participant's account is payable in a lump sum upon such participant's termination of employment, attainment of age 59 1/2, retirement, total and permanent disability, or death. Participants may also make in-service withdrawals from the Savings Plan and in certain specified instances, including in the event of financial hardship.

Pension Plan

Our NEOs are also eligible to participate in the Gray Media, Inc. Retirement Plan (which was the Gray Television, Inc. Retirement Plan" prior to January 1, 2025) (the "Retirement Plan"). This Retirement Plan benefit, however, was frozen effective July 1, 2015, and no further benefits accrue thereunder.

Under the Retirement Plan, a participating employee who retires on or after attaining age 65 and who has completed five years of service upon retirement may be eligible to receive during his or her lifetime, in the form of monthly payments, an annual pension equal to (i) 22% of the employee's average earnings for the highest five consecutive years during the employee's final ten years of employment multiplied by a factor, the numerator of which is the employee's years of service credited under the plan before 1994 and the denominator of which is the greater of 25 or the years of service credited under the plan, plus (ii) 0.9% of the employee's monthly average earnings for the highest five consecutive years in the employee's final ten years of employment added to 0.6% of monthly average earnings in excess of Social Security covered compensation, multiplied by the employee's years of service credited under the plan after 1993, with a maximum of 25 years minus years of service credited under (i) above. For participants as of December 31, 1993, there is a minimum benefit equal to the projected benefit under (i) at that time. The table in the section entitled Pension Benefits herein lists the years of credited service and the present value of each NEO's accumulated pension benefit, assuming payment begins at age 65, under the Retirement Plan.

Under the terms of the Retirement Plan, the accrued benefit is subject to the following distribution terms:

- In the event of death before retirement, 50% of the accrued benefit will become payable to the surviving spouse at the time the deceased participant would have reached age 65;
- if the deceased participant had completed ten or more years of service, the survivor benefit may commence as early as the time the deceased participant would have reached age 55;
- if the deceased participant would have been eligible for early retirement at the time of death, the survivor benefit may commence as soon as practicable;
- any benefits that commence before the deceased participant would have reached age 65 will be reduced the same as early retirement benefits would have been reduced;
- in the event a disability occurs before retirement, the accrued benefit will become payable at age 65; no break in service will occur;
- in the event of voluntary termination, the vested accrued benefit will become payable at age 65;
- if the participant had completed ten or more years of service, the benefit may commence as early as age 55; and
- if the participant had completed less than five years of service, the accrued benefit is not vested, and no future benefits would be payable from the Retirement Plan.

Perquisites

Gray also provides its executive officers with limited perquisites and other benefits, including the right to participate in all employee benefit plans generally available to employees, such as medical, dental, life and disability insurance plans. The Compensation Committee also believes it is appropriate for the Company to pay certain insurance premiums on behalf of our NEOs in order to remain market competitive for executive talent.

Change-in-Control Plan

Gray has adopted a Change in Control Plan under which participants are generally selected by the Compensation Committee and currently include our NEOs, and certain other key employees. Under the Change in Control Plan, a participant who, in connection with a change in control of the Company or within 24 months following a change in control, is involuntarily terminated without cause or voluntarily terminates his or her employment for good reason, would receive certain benefits as outlined below in “Potential Payments upon Termination or Change in Control - Change in Control Plan.”

Other Governance Items

Stock Ownership Guidelines

Based on the view of the Compensation Committee that the ownership of an equity interest in the Company by executives is a component of good corporate governance and aligns executives and shareholder interests, the Compensation Committee adopted stock ownership guidelines that require the NEOs to directly own minimum amounts of the Company’s stock. Shares that count towards the satisfaction of the guidelines are those (i) owned directly by the participant, (ii) held in a brokerage account or 401(k) account, (iii) held in trust or by a wholly-owned family entity and (iv) restricted shares. Stock options, performance shares not yet paid out and any shares held in a margin account or pledged as collateral for a loan, are excluded from the stock ownership guidelines.

The guidelines require the participants to beneficially own a number of shares of Class A and/or common stock that, when multiplied by relevant stock price on the measurement date, produces an amount equal to or greater than the multiple of salaries noted below:

<u>Individual or Group</u>	<u>Multiple of Base Salary</u>
Chief Executive Officer	6X
Other NEOs	3X

Executives have five years to comply with these guidelines, with progress to be reviewed by the Compensation Committee annually. Using the Record Date as the determination date for compliance, the holdings of each NEO would have satisfied the individual's stock ownership guidelines, other than Ms. Breland, who has until December 2028 and Mr. Gignac who has until April 2029 to meet the guidelines.

Anti-hedging Policy

Gray has adopted a policy that prohibits certain officers and directors of the Company from purchasing any financial instrument that is designed to hedge or offset any decrease in the market share of the Company's common stock, including prepaid variable forward contracts, equity swaps, collars and exchange funds or any other type of financial transaction. Directors, executive officers and other designated employees are also restricted from engaging in short sales related to the Company's common stock.

Insider Trading Policy

Gray maintains a written insider trading policy (the "Insider Trading Policy") to memorialize the Company's insider trading policies and practices, and to maintain and foster compliance by the Company and its subsidiaries, as well as the Company's directors, officers and employees, with the federal securities laws applicable to their transactions with the Company's securities.

In general, the Insider Trading Policy prohibits the buying and selling of securities of the Company based on or while in possession of material non-public information. The Insider Trading Policy establishes a group of certain individuals within the Company for whom additional restrictions on trading will apply (the "Preliminary Group"). The Preliminary Group includes the Company's Board, executive officers, and Chief Legal Officer, as well as any family members of those individuals, who are subject to blackout periods and pre-clearance procedures as described in the Insider Trading Policy. The Insider Trading Policy also lists exceptions to the prohibitions on trading for transactions such as 10b5-1 plan transactions, non-discretionary 401(k) plan transactions, and various other transactions.

Clawback Policy

In light of rules promulgated by the NYSE and Securities Exchange Commission, Gray maintains a compensation recoupment policy, which policy complies with the required standards (the "NYSE Clawback Policy"). The NYSE Clawback Policy provides for the prompt recovery (or clawback) of certain excess incentive-based compensation received during an applicable three-year recovery period by current or former executive officers in the event Gray is required to prepare an accounting restatement due to material noncompliance with any financial reporting requirement under the securities laws. Excess incentive-based compensation for these purposes generally means the amount of incentive-based compensation received (on or after October 2, 2023) by such executive officer that exceeds the amount of incentive-based compensation that would have been received by such executive officer had it been determined based on the restated amounts, without regard to any taxes paid. Incentive-based compensation potentially subject to recovery under the NYSE Clawback Policy is in general limited to any compensation granted, earned or vested based wholly or in part on the attainment of a financial reporting measure.

In general, Gray may utilize a broad range of recoupment methods under the NYSE Clawback Policy. The NYSE Clawback Policy does not condition clawback on the fault of the executive officer, and clawback thereunder is generally mandatory, except in limited circumstances where the compensation committee has made a determination that recovery would be impracticable and (1) Gray has already attempted to recover such amounts but the direct expenses paid to a third party in an effort to enforce the NYSE Clawback Policy would exceed the amount to be recovered, (2) the recovery of amounts would violate applicable home country law, or (3) the recovery would cause the non-compliance of a tax-qualified retirement plan under the Internal Revenue Code and applicable regulations.

Risk Considerations

The Compensation Committee with the assistance of its independent compensation consultant periodically reviews the Company's compensation philosophy, policies and practices to ensure that such philosophy, policies and practices are appropriately structured for the Company and its business objectives and discourage executives from taking excessive risk. In developing Gray's philosophy, and implementing the policies and practices, the Compensation Committee with input from the independent compensation consultant has attempted to mitigate the possibility that excessive short-term risks are being taken at the expense of long-term value. These mitigation strategies include:

- The annual review and approval of certain financial performance objectives;
- the use of multiple performance objectives, thus mitigating too heavy a focus on any one in particular;

- caps on annual incentive plan payouts, limiting the upside potential when maximum performance is achieved; and
- multi-year vesting of equity-based awards to motivate NEOs to focus on providing consistent results over the longer term.

Additional risk mitigation policies have also been adopted from time to time, including the implementation of stock ownership guidelines, an anti-hedging policy and a clawback policy.

Based on its review, and in consultation with and input from the independent compensation consultant, the Compensation Committee has concluded that the compensation policies and programs at Gray do not create risks that are reasonably likely to have a material adverse effect on the Company.

Compensation Deduction Limitations

In general, all compensation (other than certain grandfathered compensation) we pay in excess of \$1.0 million to anyone who serves as one of our named executive officers is not deductible when calculating our income tax expense. We may from time to time design compensation plans that recognize a full range of performance and other criteria important to our success regardless of the federal tax deductibility of compensation paid under those plans. The Compensation Committee will continue to retain the discretion to pay non-deductible amounts. The Compensation Committee believes that such flexibility best serves the interests of the Company and its shareholders by allowing the Committee to recognize, motivate and retain executive officers as circumstances warrant.

Timing of Equity Compensation Awards

Equity-based awards are generally granted in February of each year. It is expected that this approximate timing of granting awards will continue for consistency and planning purposes. Except in unusual circumstances (such as in connection with a new hire or appointment), we typically do not grant equity awards to the NEOs at other dates. The Compensation Committee does not take material nonpublic information into account when determining the timing and terms of awards of restricted stock units and performance share units, and the Company has not timed the disclosure of material nonpublic information for the purpose of affecting the value of such awards.

- (1) Each of the NEOs contributed a portion of his or her salary to our Savings Plan. The disclosed salary amounts are before the NEOs' contributions.
- (2) Grant date fair value of stock awards made in the year indicated, computed in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 718, and for the performance-based restricted stock award granted to Mr. Howell, based on the probable outcome of the applicable performance conditions. Assuming maximum achievement of the applicable performance conditions, the grant date fair value for the performance-based restricted stock award to Mr. Howell would be \$6,506,756. See Note 8 to the Company's consolidated financial statements in its Annual Report on Form 10-K for the year ended December 31, 2025 for a description of the assumptions made in the valuation of stock awards under FASB ASC Topic 718.
- (3) The Change in Pension Value was calculated as the difference between the Present Value of Accumulated Benefits year at December 31, 2025 and the Present Value of Accumulated Benefits at December 31, 2024, adjusted for benefit payments made during the year. The present value of accumulated benefits at December 31, 2025 was calculated using the assumptions that were used for the December 31, 2025 disclosures, which were the Pri-2012 total mortality table projected using fully generational improvements based on M-2021 and a 5.4% discount rate. See the table in the section entitled "Pension Benefits" herein for additional information, including the present value assumptions used in this calculation.

- (4) The following table describes each component of the amounts in the All Other Compensation column of the Summary Compensation Table for 2025:

- (b) Additional payments include an individual housing allowance.

- (5) No information is provided for 2023 for Mr. Gignac, because he was not an employee or an NEO of Gray prior to 2024. Amounts in the Bonus column of the Summary Compensation Table for 2025 reflect the vesting of a make-whole award granted in connection with Mr. Gignac joining the Company in April 2024. Pension Benefits

Messrs. Howell and Latek were eligible to participate in the Gray Media, Inc. Retirement Plan (which was the “Gray Television, Inc. Retirement Plan” prior to January 1, 2025) (the “Retirement Plan”). Because Messrs. LaPlatney and Gignac and Ms. Breland joined the Company after the Retirement Plan was frozen, they were not eligible to participate in such plan. The Retirement Plan, which is intended to be tax qualified, is available to certain of our employees and the employees of all of our subsidiaries that have been designated as participating companies under the Retirement Plan. The Company froze the Retirement Plan effective July 1, 2015.

A participating employee who retires on or after attaining age 65 and who has completed five years of service upon retirement may be eligible to receive during his or her lifetime, in the form of monthly payments, an annual pension equal to (i) 22% of the employee’s average earnings for the highest five consecutive years during the employee’s final ten years of employment multiplied by a factor, the numerator of which is the employee’s years of service credited under the plan before 1994 and the denominator of which is the greater of 25 or the years of service credited under the plan, plus (ii) 0.9% of the employee’s monthly average earnings for the highest five consecutive years in the employee’s final ten years of employment added to 0.6% of monthly average earnings in excess of Social Security covered compensation, multiplied by the employee’s years of service credited under the plan after 1993, with a maximum of 25 years minus years of service credited under (i) above. For participants as of December 31, 1993, there is a minimum benefit equal to the projected benefit under (i) at that time.

Our NEOs did not receive any pension benefit payments in 2025. The following table shows the years of credited service and the present value of accumulated benefits as of December 31, 2025 for the NEOs:

Name	Plan Name	Number of Years Credited Service(1) (#)	Present Value of Accumulated Benefit(2) (\$)
Hilton H. Howell, Jr.	Gray Media, Inc. Retirement Plan	13	456,192
Donald P. LaPlatney	N/A	N/A	N/A
Jeffrey R. Gignac	N/A	N/A	N/A
Kevin P. Latek	Gray Media, Inc. Retirement Plan	4	90,804
Sandra Breland McNamara	N/A	N/A	N/A

- (1) Computed as of the same measurement date as used for 2025 financial statement reporting purposes.
- (2) The Present Value of Accumulated Benefits at December 31, 2025 was calculated using the assumptions that were used for the December 31, 2025 disclosures, which were the Pri-2012 total mortality table projected using fully generational improvements based on MP 2021 and a 5.40% discount rate.

The Present Value of Survivor Annuities upon Death at December 31, 2025 were calculated using the assumptions that were used for the December 31, 2025 disclosures and the plan's actuarial equivalence factors, which is 5% and the applicable mortality table for distributions made during 2026. Spouses are assumed to be five years younger than their husbands and the form of payment is assumed to be a 50% Joint and Survivor Annuity.

The Present Value of Accumulated Benefits at December 31, 2024 were calculated using the assumptions that were used for the December 31, 2024 disclosures, which were the Pri-2012 total mortality table projected using fully generational improvements based on MP 2021 and a 5.48% discount rate.

Potential Payments upon Termination or Change in Control

The information below describes and quantifies certain compensation that would become payable under existing plans, policies and arrangements if the employment of each NEO had terminated (by virtue of involuntary termination, death, disability, voluntary termination or change of control) on December 31, 2025, given the NEO’s compensation and service levels as of such date and, if applicable, based on our closing stock price on December 31, 2025. These benefits include benefits available generally to salaried employees, such as distributions under the Retirement Plan, Savings Plan, disability benefits, life insurance and accrued vacation pay.

For the purposes of this discussion, “disability” generally means total disability, resulting in the individual being unable to perform his job and “change of control” means any of the following, subject to certain exceptions:

- Any person becoming the beneficial owner of 50% or more of the combined voting power of our then outstanding shares;
- during any period of two consecutive years, individuals who at the beginning of such period constitute the Board cease for any reason to constitute at least a majority thereof, unless the election of such new directors was approved by a vote of at least two-thirds of the directors then still in office who were directors at the beginning of the period;
- there is consummated any consolidation or acquisition in which we are not the continuing or surviving corporation or pursuant to which shares of our common stock are converted into cash, securities or other property;
- there is consummated any consolidation or acquisition of us, in which we are the continuing corporation, and the holders of our common stock immediately prior to the acquisition do not own 51% or more of the stock of the surviving corporation immediately after the acquisition or there is consummated a sale, lease, exchange or other transfer of substantially all our assets;
- there is consummated any sale, lease, exchange or other transfer of substantially all our assets; or
- our shareholders approve any plan or proposal for our liquidation or dissolution.

Change in Control Plan

The Company maintains the Gray Media, Inc. Executive and Key Employee Change in Control Severance Plan (the “Change in Control Plan”). Participants in the Change in Control Plan are generally selected by the Compensation Committee and currently include our NEOs and certain other key employees.

Under the Change in Control Plan, a participant who, in connection with a change in control of the Company or within 24 months following a change in control, is involuntarily terminated without cause or voluntarily terminates his or her employment for good reason (a “qualifying termination”), would receive:

- Any unpaid base salary and payment for unused vacation under the Company’s vacation policy through the date of termination;
- a payment equal to the participant’s target annual cash incentive opportunity for the year in which the termination occurred, pro-rated through the date of termination of such year; and
- a lump sum cash severance payment equal to a multiple (the “severance multiplier”) of the sum of the participant’s annual base salary on the termination date (or any higher annual base salary that was in effect during the 9-month period immediately prior to the change in control) and the participant’s target annual cash incentive opportunity in effect immediately prior to the change in control. The severance multiplier is 3.0 for Mr. Howell and Mr. LaPlatney and 2.0 for Messrs. Gignac and Latek and Ms. Breland.

In addition to the foregoing, equity awards of a participant will immediately vest and become exercisable upon a qualifying termination, with performance-based equity awards generally vesting at the target level, if applicable. If the participant elects to continue group health care coverage under COBRA, the participant will also be reimbursed for the portion of the premiums that the Company would have paid if the participant had continued to be an employee of the Company for a period of years equal to the participant’s severance multiplier, or earlier in certain circumstances.

Any payment under the Change in Control Plan will be in lieu of any other severance or termination payment that may be due or become payable to a participant. In addition, the Change in Control Plan provides that in the event that the severance and other benefits provided for in the Change in Control Plan would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, the benefits under the Change in Control Plan will be either delivered in full, or delivered to a lesser extent which would result in no portion of the benefits being subject to such excise tax, whichever is more beneficial to the participant. The Change in Control Plan does not provide excise tax gross-ups on payments to participants. Payments under the Change in Control Plan are contingent upon a participant's execution of a release of claims in favor of the Company and compliance by the terminated participant with the non-solicitation, non-competition and confidentiality covenants in the Change in Control Plan.

Treatment of Equity Under 2022 Equity and Incentive Compensation Plan

The form of restricted stock award agreement and form of restricted stock unit award agreement approved by the Compensation Committee for use under the 2022 Equity and Incentive Compensation Plan provides that if a participant's termination of employment occurs as a result of death or disability or if, within 12 months of a change in control, a participant's employment is involuntarily terminated without cause or the participant resigns for good reason and if the award then remains outstanding, any unvested portion of the awards or a replacement thereof will immediately become vested.

Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed, actual amounts paid or distributed may be different than as disclosed. Factors that could affect these amounts include the timing during the year of any such event or our stock price.

The following table sets forth estimates of the amounts that would be owed by Gray to our NEOs if they were terminated as a result of involuntary termination, death, disability, voluntary termination, or there was a change of control (followed by a qualifying termination), on December 31, 2025:

Name	Involuntary	Death(1)(3)	Disability(1)(4)	Voluntary	Change of

The life insurance benefit reflects the payment of the death benefit by the insurance company for which Gray has been paying premiums on behalf of the NEO.
- (4) Includes each NEO's accrued and unpaid vacation payable upon termination, the amount of long-term disability payments, the present value of accumulated benefits from their pension plan as determined by the plan's actuary, and accelerated vesting of 100% of their respective unvested restricted stock awards. NEOs are entitled to monthly long-term disability payments from the time of disability through age 65.
- (5) Includes each NEO's accrued and unpaid vacation payable upon termination, the present value of accumulated benefits from their respective pension plan(s) as determined by the plan's actuary, accelerated vesting of 100% of their respective unvested restricted stock awards and stock options, and severance payments.

CEO Pay Ratio

For the 2025 fiscal year, the ratio of the annual total compensation of Mr. Howell, our Chief Executive Officer and principal executive officer (“CEO Compensation”), to the median of the annual total compensation of all of our employees other than our Chief Executive Officer (“Median Annual Compensation”) was 202 to 1. This ratio is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K using the data and assumptions summarized below. In this summary, we refer to the employee who received such Median Annual Compensation as the “Median Employee.” For purposes of this disclosure, the date used to identify the Median Employee was December 31, 2025 (the “Determination Date”).

CEO Compensation for purposes of this disclosure represents the total compensation reported for Mr. Howell in the *Summary Compensation Table* for the 2025 fiscal year (\$11,472,138). For purposes of this disclosure, Median Annual Compensation was \$56,914, and was calculated by totaling for our Median Employee all applicable elements of compensation for the 2025 fiscal year in accordance with Item 402(c)(2)(x) of Regulation S-K.

To identify the Median Employee, we first determined our employee population as of the Determination Date. We had 9,396 employees as of the Determination Date, representing all full-time, part-time, seasonal and temporary employees of us and our consolidated subsidiaries as of the Determination Date. This number does not include any independent contractors or “leased” workers, as permitted by the applicable SEC rules. We then measured compensation for the period beginning on January 1, 2025 and ending on December 31, 2025 for these employees. This compensation measurement was calculated by totaling, for each employee, gross taxable earnings, including salary, wages, tips and other compensation as shown in our payroll and human resources records for 2025. A portion of our employee workforce (full-time and part-time) worked for less than the full fiscal year due to commencing employment after the beginning of the fiscal year. In determining the Median Employee, we annualized the compensation for such individuals.

Pay Versus Performance

As required by pay versus performance rules adopted by the SEC (“PVP Rules”), the below Pay Versus Performance table (“PVP Table”) provides information about compensation for this Proxy Statement’s NEOs, as well as NEOs from our 2024, 2023, 2022 and 2021 Proxy Statements (each of 2021, 2022, 2023, 2024 and 2025, a “Covered Year”). The PVP Table also provides information about the results for certain financial performance measures during those same Covered Years. In reviewing this information, there are a few important things to consider:

- The information in columns (b) and (d) comes directly from this and prior years’ Summary Compensation Tables, without adjustment;
- as required by the PVP Rules, we describe the information in columns (c) and (e) as “compensation actually paid” (or “CAP”) to the applicable NEOs, but these CAP amounts do not entirely reflect compensation that our NEOs actually earned for their service in the Covered Years. Instead, CAP reflects a calculation involving a combination of realized pay (primarily for cash amounts) and realizable or accrued pay (primarily for pension benefits and equity awards); and
- as required by the PVP Rules, we provide information about our total shareholder return (“TSR”) results, PVP Peer Group (as defined below) TSR results and U.S. GAAP net income results (the “External Measures”) during the Covered Years in the PVP Table, but we did not actually base any compensation decisions for the NEOs on, or link any NEO pay to, these particular External Measures because the External Measures were not metrics used in our incentive plans during the Covered Years.

Due to the use of the Broadcast Cash Flow (Net of Completed Transactions and Political Revenue) performance measure in our annual incentive plan and our long-term incentive plan, the Company has determined that, pursuant to the PVP Rules, Broadcast Cash Flow (Net of Completed Transactions and Political Revenue) should be designated as the “Company-Selected Measure” because we believe it is the most important financial measure that we used to link 2025 NEO compensation actually paid to our performance.

(1) Mr. Howell was our principal executive officer (“PEO”) for the full year for each of 2025, 2024, 2023, 2022 and 2021. For 2025, our non-PEO NEOs were Messrs. LaPlatney, Latek, and Gignac and Ms. Breland. For 2024, our non-PEO NEOs were Messrs. LaPlatney, James C. Ryan, Latek, Gignac and Ms. Breland. For 2023 our non-PEO NEOs were Messrs. LaPlatney, Ryan and Latek and Ms. Breland. For the full year for each of 2022 and 2021 our non-PEO NEOs were Messrs. LaPlatney, Ryan, Latek and Robert L. Smith.

- (2) In addition, for each of 2025, 2024, 2023, 2022 and 2021 (each, a “Covered Year”), in determining both the compensation “actually paid” to our PEO and the average compensation “actually paid” to our non-PEO NEOs for purposes of this PVP Table, we deducted from or added back to the total amounts of compensation reported in column (b) or column (d) (as applicable) for such Covered Year certain amounts as required by SEC rules, including the following amounts with respect to 2025:

Item and Value Added (Deducted)	2025
For Mr. Howell:	
- <i>change in actuarial present value of pension benefits</i>	(30,142)
+ <i>service cost of pension benefits</i>	—
+ <i>prior service cost of pension benefits</i>	—
- <i>SCT “Stock Awards” column value</i>	\$ (6,506,756)
- <i>SCT “Option Awards” column value</i>	—
+ <i>year-end fair value of outstanding equity awards granted in Covered Year that were outstanding as of Covered Year-end</i>	\$ 11,186,400
+/- <i>change in fair value (from prior year-end to Covered Year-end) of outstanding equity awards granted in prior years that were outstanding as of Covered Year-end</i>	\$ 5,836,858
+ <i>vesting date fair value of equity awards granted and vested in Covered Year</i>	—
+/- <i>change in fair value (from prior year-end to vesting date) of prior-year equity awards vested in Covered Year</i>	\$ (70,980)
- <i>prior year-end fair value of prior year equity awards forfeited in Covered Year</i>	—
+ <i>includable dividends/earnings on equity awards during Covered Year</i>	\$ 675,983
For Non-PEO NEOs (Average):	
- <i>change in actuarial present value of pension benefits</i>	(1,584)
+ <i>service cost of pension benefits</i>	—
+ <i>prior service cost of pension benefits</i>	—
- <i>SCT “Stock Awards” column value</i>	\$ (1,098,002)
- <i>SCT “Option Awards” column value</i>	—
+ <i>year-end fair value of outstanding equity awards granted in Covered Year that were outstanding as of Covered Year-end</i>	\$ 1,296,177
+/- <i>change in fair value (from prior year-end to Covered Year-end) of outstanding equity awards granted in prior years that were outstanding as of Covered Year-end</i>	\$ 640,340
+ <i>vesting date fair value of equity awards granted and vested in Covered Year</i>	—
+/- <i>change in fair value (from prior year-end to vesting date) of prior-year equity awards vested in Covered Year</i>	\$ 673,384
- <i>prior year-end fair value of prior year equity awards forfeited in Covered Year</i>	—
+ <i>includable dividends/earnings on equity awards during Covered Year</i>	\$ 205,309

- (3) For each Covered Year, our TSR and the PVP Peer Group TSR was calculated based on the cumulative total shareholder return on the applicable stock, based on a deemed fixed investment of \$100 at market close on December 31, 2020. For purposes of this pay versus performance disclosure, our PVP peer group is the New York Stock Exchange Television Broadcasting Stations Index (the “PVP Peer Group”). Because Covered Years are presented in the table in reverse chronological order (from top to bottom), the table should be read from bottom to top for purposes of understanding cumulative returns over time.
- (4) Net income (loss) is calculated in accordance with GAAP.
- (5) Broadcast cash flow (net of completed transactions and political revenue) is calculated as net income adjusted for loss on early extinguishment of debt, non-cash corporate and administrative expenses, non-cash stock-based compensation, depreciation and amortization (including amortization of intangible assets and program broadcast rights), any loss on disposal of assets, any miscellaneous expense, interest expense, any income tax expense and non-cash 401(k) expense, less any gain on disposal of assets, any miscellaneous income and payments for program broadcast rights.

The following charts provide, across the Covered Years, (1) a comparison between our cumulative TSR and the cumulative TSR of the PVP Peer Group, and (2) illustrations of the relationships between (A) the CAP to the PEO and the average of the CAP to our non-PEO NEOs (in each case as set forth in the PVP Table above) and (B) each of the performance measures set forth in columns (f), (h) and (i) of the PVP Table above.

Tabular List

The following table lists the three financial performance measures that we believe represent the most important financial performance measures we used to link compensation actually paid to our NEOs for fiscal 2025 to our performance:

Director Compensation for 2025

The objective of our compensation and benefit program for directors is to appropriately compensate directors for the time and effort required to be an effective director of a company of our size and scope; to align directors' interests with the long-term interests of shareholders; and to be simple, transparent and easy for shareholders to understand. Our compensation and benefit program for directors was developed and adopted after consultation with Meridian and a review of the compensation practices of companies within our peer group. For 2025, the program provided that each director would receive the following compensation for service on our Board:

Description	Amount (\$)
Annual Retainers:	
Lead Independent Director's annual retainer fee	125,000
Director annual retainer fee	90,000
Additional Annual Retainers:	
Chairman of Audit Committee	30,000
Non-Chairman member of Audit Committee	15,000
Chairman of Compensation Committee	25,000
Non-Chairman member of Compensation Committee	12,500
Chairman of Nominating and Corporate Governance Committee	20,000
Non-Chairman member of Nominating and Corporate Governance Committee	10,000

In addition to the retainers paid to our directors for 2025, our directors are entitled to receive annual grants of restricted stock under our equity incentive plans valued at approximately \$160,000. We typically make these annual stock awards at the commencement of each annual term as a director following the annual meeting of shareholders, with such awards vesting on April 30th of the following year.

The Company has also adopted stock ownership guidelines to align director and shareholder interests, which require directors to directly own minimum amounts of the Company's stock. The guidelines require the directors to beneficially own a number of shares of Gray Media stock that, when multiplied by stock price on the measurement date, produces an amount equal to or greater than three times the annual retainer fee noted above. Directors have five years to comply with these guidelines and the holdings of each director were either at the guideline or on track to meet it as of the most recent compliance determination date.

The following table presents the compensation paid to our non-employee directors in 2025. Mr. Howell, our Executive Chairman and Chief Executive Officer, and Mr. LaPlatney, our President and Co-Chief Executive Officer, were our only employee directors in 2025. For information on the compensation paid to Mr. Howell and Mr. LaPlatney for their service in all positions with the Company, including as a director, see the 2025 Summary Compensation Table.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Messrs. Boger (Chairman), Garcia, McTear and Newton are the current members of the Compensation Committee. No member of the Compensation Committee was an employee or officer of Gray or any of its subsidiaries during 2025 or was formerly an officer of Gray or any of its subsidiaries. No compensation committee interlocks existed during 2025.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

On January 1, 2015, the Company began leasing space for its principal offices from Delta Life Insurance Co. ("Delta Life"), which lease was assigned to 4370 Peachtree LLC ("4370 Peachtree") on December 21, 2022. Delta Life is controlled by Harriett J. Robinson, a greater than 5% shareholder of the Company, the mother-in-law of Mr. Howell and mother of Mrs. Howell. 4370 Peachtree is jointly owned by Jill Robinson, the sister-in-law of Mr. Howell and sister of Mrs. Howell, and Mrs. Howell. In addition, Mr. and Mrs. Howell are officers, directors and/or shareholders in Delta Life and 4370 Peachtree. Under the terms of the lease in 2025, the Company paid annual rent of approximately \$1.4 million, plus a pro rata share of all real estate taxes, general maintenance and service expenses and insurance costs with respect to the office building and related facilities. This lease was subsequently amended in January 2026 to include additional space and increase the annual rent to an aggregate of approximately \$1.6 million, plus a pro rata share of all real estate taxes, general maintenance and service expenses and insurance costs with respect to the office building and related facilities. The lease does not have a set termination date, but is terminable with 12 month's advance notice by either party. The terms of the lease are believed by management of the Company to be no less favorable than terms that could be obtained by the Company from unrelated parties for comparable rental property.

During 2025, the Company paid Bankers Fidelity Life Insurance Company ("Bankers") approximately \$2.1 million in premiums related to a life and health insurance plan available to all Company employees. Bankers is a subsidiary of Atlantic American Corporation ("Atlantic American"), which is a greater than 5% shareholder of the Company. Mrs. Robinson is the majority shareholder of Atlantic American and Mr. Howell is the chairman, president and chief executive officer of Atlantic American.

Hilton H. Howell III, the son of Mr. Howell and Mrs. Howell, is employed by Gray Local Media, Inc. ("Gray Local Media"), a subsidiary of the Company. During 2025, he served as a Senior Director of Business Development and earned total annual compensation of \$259,914. Mr. Howell III's compensation is established in accordance with the compensation practices applicable to Gray Local Media employees with equivalent qualifications, experience, and responsibilities, and he is eligible to participate in benefit plans that are available to other Gray Local Media employees in similar positions and locations. Mr. Howell and Mrs. Howell did not participate in the compensation recommendations or decisions relating to Mr. Howell III.

DELINQUENT SECTION 16(A) REPORTS
Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the directors, executive officers and persons who own more than 10.0% of a registered class of a company's equity securities to file with the SEC initial reports of ownership (Form 3) and reports of changes in ownership (Forms 4 and 5) of such class of equity securities. Such officers, directors and greater than 10.0% shareholders of a company are required by SEC regulations to furnish the company with copies of all such Section 16(a) reports that they file.

To our knowledge, based solely on our review of the copies of such reports filed with the SEC during the year ended December 31, 2025, all Section 16(a) filing requirements applicable to our officers, directors and 10.0% beneficial owners were met except with regards to one Form 4 filing reporting one transaction for each of Messrs. LaPlatney, Gignac, and Latek and Ms. Breland, and one Form 4 filing reporting two transactions for each of Mr. Howell and Mrs. Howell, all of which were filed late due to inadvertent administrative oversight.

AUDIT COMMITTEE REPORT

The following Report of the Audit Committee, together with references in this proxy statement to the independence of the Audit Committee members and the Audit Committee charter, does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other filing by Gray under the Securities Act of 1933 or the Exchange Act, except to the extent Gray specifically incorporates this Report by reference therein.

Management has primary responsibility for Gray's financial statements and the overall reporting process, including Gray's system of internal controls. RSM US LLP, the Company's independent registered public accounting firm, audits the annual consolidated financial statements prepared by management and expresses an opinion on whether those statements fairly present, in all material respects, the Company's financial position, results of operations, and cash flows in conformity with accounting principles generally accepted in the United States of America. The Audit Committee has reviewed the Company's audited consolidated financial statements for the year ended December 31, 2025 and discussed them with both management and RSM US LLP.

Management is responsible for establishing, assessing and reporting on Gray's system of internal control over financial reporting. RSM US LLP is responsible for performing an independent audit of Gray's internal control over financial reporting and for issuing a report thereon. The Audit Committee is responsible for the monitoring and oversight of this process. In connection with these responsibilities, the Audit Committee met with management and RSM US LLP to review and discuss the effectiveness of Gray's internal controls over financial reporting.

The Audit Committee has also discussed with RSM US LLP the matters required to be discussed by generally accepted auditing standards, including those described in Auditing Standard No. 16, Communication with Audit Committees, as amended, issued by the Public Company Accounting Oversight Board.

The Audit Committee has received and reviewed the written disclosures and the letter from RSM US LLP consistent with the applicable requirements of the Public Company Accounting Oversight Board regarding communications with the Audit Committee concerning independence and has discussed and confirmed with RSM US LLP its independence with respect to Gray. In addition, the Audit Committee has considered whether the provision of the non-audit services provided by RSM US LLP is compatible with maintaining that independence.

Based upon this review, the Audit Committee recommended to the full Board that the Company's audited consolidated financial statements be included in Gray's Annual Report on Form 10-K for the year ended December 31, 2025 and filed with the SEC.

Submitted by the Audit Committee of the Board.
